

## INTEREST SHOWN BY U. S. SENATORS IN HARDING PLAN

### indications are There Will be Prolonged Battle on Question

(By The Associated Press)

WASHINGTON, Feb. 24.—Possibility of senate action before congress adjourns next Sunday has been the subject of much discussion today. The administration request for authority to participate in the league international court of justice under the league of nations was removed thru conference today between Senate leaders.

Preliminary to tomorrow's meeting of the foreign relations committee for initial consideration of the plan submitted last week by the administration, the committee exchanged views and, it is said, all words of the opinion that the matter would have to go over until the next congress. Judgement was general that the few days remaining were inadequate to bring about any decisive action on such an important matter.

Intense interest among senators in the proposal was manifested by a flood of statements. Those from Democratic leaders indicated favor for the plan but there was a pronounced hostile note from the Republican camp and almost complete absence of public endorsement from the administration and "reservationist" groups.

Senator Johnson, prominent Republican "irreconcilable," issued a statement ironically critical of the administration proposal and declaring that the United States would not go in for the league. "If," said Senator Johnson, "we know this is what is asked the situation is this: We are wholly out of the league. We are in part of the league. By reservations we are in and from which, by reservations we get out of functions as part of the league without our assistance. In the language of a great editor of the west 'all of which is partly true.'"

The acting Democratic leader, Senator Robinson of Arkansas issued a statement declaring initial friendliness for the administration proposal but adding that it manifested "timidity and half heartedness" and confessed a repudiation of the policy of non-participation in European affairs.

Similar statements were issued by other Democrats and Senator King, Democrat, Utah, offered a resolution to carry out the administration's request but action on it went over without discussion.

Senator Swanson of Virginia who will be ranking Democrat on foreign relations committee in the next congress issued a statement commending the administration design. He predicted a battle on the administration plan a forecast that was confirmed privately by administration as well as irreconcilable leaders.

Administration leaders agreed that the president's request would not die with the adjournment of congress, but was a continuing matter which would come up automatically again in the new senate.

## FIRST WITNESS OF OPENING OF KING'S TOMB ARRIVES HERE

Says Much Strife and Ill  
Feeling Has Been Engendered

(By The Associated Press)

CHICAGO, Feb. 26.—Bringing the first eye witness story of the opening of the outer part of King Tutankhamun's tomb at Luxor, Egypt, Charles Breasted, son of Dr. James H. Breasted, Egyptologist of the University of Chicago, who is now at Luxor, with the expedition which unearthed the ancient resting place of the monarch, returned to Chicago today.

Mr. Breasted declared that much strife and ill feeling are being incited among nations and individuals over the finding of the priceless treasure.

"The excavators who found the tomb probably will not get any of the articles they found," he said. The whole thing has been woefully mismanaged. Under an old treaty England was given the right by the French to carry on the excavations in search of the tombs. Now the French are jealous of the find made by the British. The ministers in charge of Egypt some time ago had an order issued that the English could have half of all of the treasures they found. The present minister now is attempting to get a law thru so that they can have nothing. This probably will result in the work being stopped and the metropolitan museum expedition there is expected to be recalled. The Englishmen who found King Tutankhamun's tomb probably will get little or nothing except possibly a gift of some kind.

The weight of public and official opinions very likely will result in all of the treasures being placed in a museum at Cairo or Luxor.

It probably will require another year to remove all the articles from King Tutankhamun's tomb. They do not know how many chambers there are to open. I left before the opening of the chamber where his body was supposed to be located. The excavators have no desire to be "grave robbers." The mummy of the king probably will be left undisturbed, but the antiquities will be placed in a museum."

## DISMISS CHARGES AGAINST BERGER

(By The Associated Press)

CHICAGO, Feb. 26.—Charges of conspiracy to obstruct the recruiting and enlistment of military forces against Victor Berger, Milwaukee Socialist, and four other defendants convicted with him three years ago were dismissed before Federal Judge Wilkinson two weeks ago, it became known today.

Berger, with Adolph Germer, national secretary of the Socialist party; William F. Cruise, national secretary of the Young Peoples' party; Louis Engdahl, editor of the American Socialist, and Irwin St. John Tucker, Episcopal rector were sentenced to 20 years' imprisonment.

A new trial was ordered and Edwin A. Olson, district attorney reviewed the evidence. He said he found that the government's case was weak because of matter ruled out by the circuit court of appeals. Attorney General Daugherty therefore agreed to dismiss the charges.

## MUCH CANADIAN WHEAT COMES HERE

(By The Associated Press)

FT. WILLIAM, Ont., Feb. 26.—Shipments of Canadian export wheat to American seaports at Chicago a third more than those for other ports each year, E. A. Urquhart, statistician of the board of grain commerce testified today at the lake freight hearing.

## WHEAT COMES HERE

(By The Associated Press)

FT. WILLIAM, Ont., Feb. 26.—Shipments of Canadian export wheat to American seaports at Chicago a third more than those for other ports each year, E. A. Urquhart, statistician of the board of grain commerce testified today at the lake freight hearing.

depicted Mr. Anderson, state superintendent of the Anti-Saloon League, arresting Christ for changing water into wine. Critics previously had identified a figure clutching Christ by the shoulder as Volstead, while Bryan was shown overturning a jug of wine at the marriage feast. Baylison who was served with a summons Saturday night, disclaimed responsibility for the picture, saying that his society was obliged to hang every picture submitted with a \$10 fee provided the painting was not lewd.

Detectives declared on the stand the picture was sacrilegious. The court adjourned the case until March 12.

## WALLACE TAKING ACTION AGAINST PACKER'S MERGER

### Secretary of Agriculture Would Prevent Consolidation

(By The Associated Press)

WASHINGTON, Feb. 26.—Another battle was begun today by the government against what it claims would be a monopoly in the industry when Secretary Wallace of the agricultural department took steps to prevent Armour and Co. of Chicago from acquiring the plants and business of Morris and Co., another of the "big five" packers. Consummation of the consolidation would result in the largest meat packing enterprise in the history of the country with annual sales of more than \$1,000,000.

F. Edson White, president of Armour & Co. declaring the present administration had proclaimed its belief in less government in business and more business in government, said in a statement made public here and in Chicago that his company heartily subscribed to the slogan and was willing to meet the issue involved speedily and without fear of the result. Before legality of the merger is finally decided several months is expected to elapse and in all probability the case will reach the supreme court for determination.

Secretary Wallace proceeding under authority given him in the packers and stock yards act, served complaints on Armour & Co., J. Armour and Morris & Co., charging them with violation of the act by entering into a written agreement for the sale of Morris & Co. The complaints said the transfer was to be made on or before February 28 and that Morris & Co. would be eliminated entirely as a competitor in the packing business. The acquisition of the complaints set forth would effect a restraint of interstate commerce and would have the effect of creating a monopoly in many sections of the United States in the purchase of livestock and in the shipment and sale of meat and other livestock products in this country and abroad.

The merger would materially increase the power of Armour & Co., it was stated to control and dominate the livestock and meat packing industry.

A hearing was set for Monday, April 2, in Washington before the secretary of agriculture at which the packing companies specified will be required to show cause why an order should not be issued against the consolidation.

Such an order would be subject to appeal to the United States circuit court of appeals at Chicago within 30 days.

Decree of that court would be final except for review by the supreme court.

Government officials said today there was nothing in the packers and stock yards act which would prevent Armour & Co. from completing the purchase of Morris & Co., but that if the government was upheld in the final decision of the case, the Armour company would have to divest itself of the Morris plants and business.

## FORMER SPRINGFIELD MAX UNDER ARREST

(By The Associated Press)

LOS ANGELES, Feb. 26.—William Sidbottom, 27, former assistant cashier of the Chicago & Alton railroad at Springfield, Ill., charged with embezzlement of \$8,000 of the company's funds, was arrested here today, according to the police.

Sidbottom at first refused to admit his identity, the arresting officer stated, but when shown a photograph of the missing cashier, confessed that he was the "pretend commuteman" for the Ku Klux Klan, being paid \$10 a day and that the Klan had "committed" him in each of 61 precincts of the city. The campaign circulars were said to have been distributed under the name of candidates who are said to be Catholics or to have Catholic support.

## MAY STOP BIG MOTOR RACES

(By The Associated Press)

INDIANAPOLIS, Ind., Feb. 26.—The Indiana house of representatives today passed the senate bill to prohibit all commercial sports on Memorial Day, including the annual 500 mile race at the Indianapolis motor speedway. The bill now goes to the governor for his action.

## WEATHER

(By The Associated Press)

Illinois—Partly overcast Tuesday, somewhat colder in south portion; Wednesday fair in north cloudy in south portion.

Temperatures

The current, maximum and minimum temperatures as recorded Monday were:

Jacksonville, Ill.	43	45	36
Boston	32	38	26
Buffalo	40	32	26
New York	38	42	32
Jacksonville, Fla.	68	78	58
New Orleans	72	78	60
Omaha	55	44	34
Minneapolis	40	46	28
St. Paul	36	38	24
Helena	24	36	24
San Francisco	68	70	56
Winnipeg	22	28	16
Cincinnati	46	46	40

## Plan To Take Care Of Merchant Marine

(By The Associated Press)

WASHINGTON, Feb. 24.—The administration shipping bill was kept alive in the senate today by further debate but executive officials recognizing the end to be near began formulation of plans for dealing with the government's war-impelled merchant marine venture without the aid of the legislature.

Chairman Lasker of the shipping board conferred with President Harding and met with the other members of the board and afterward announced that the policy of the administration would be worked out and made public before the end of the week. He declined to give any indication of the plans under consideration beyond saying they were of a "startlingly novel" nature.

Inasmuch as the president has declared one of the prime purposes of the bill to be to get the government out of the shipping business, it was generally believed today that the administration's policy contemplated quick and thorough liquidation. Members of congress conversant with shipping board affairs suggested that the administration thru invocation of such indirect aids as are contained in the merchant marine act of 1920 might endeavor to make operation of vessels under the American flag attractive enough to provide a sale for the government owned tonnage.

Mr. Lasker and Chairman Jones

## ARNSTEIN AND HIS COMPANIONS WERE RELEASED MONDAY

District Attorney Admitted  
That He Had No  
Evidence

(By The Associated Press)

NEW YORK, Feb. 26.—Julius W. (Nicky) Arnstein and four of the five men who were arrested with him Friday on a warrant charging them with having received stolen bonds, were discharged by Magistrate Levine today when Assistant District Attorney Wilson admitted he had no evidence against them.

The defendants discharged with Arnstein were Edward M. Fuller, head of the defunct brokerage concern bearing his name, Albert Ekl, Cleveland salesman, Harry Sykes, a New York salesman and H. Milton Small, known as the "boy wonder."

Albert Wilson, a Cleveland broker, the fifth man arrested with Arnstein, failed to appear and Magistrate Levine ordered his \$2,500 bail forfeited.

Arnstein previously had characterized his arrest as a police frame up and his counsel, Eugene P. McGee in court today voiced his indignation by threatening civil actions against Inspector John D. Coughlin and Detective Sergeant Joseph Daly, who made the arrest.

## HELD FOR PASSING CAMPAIGN MATTER

(By The Associated Press)

EAST ST. LOUIS, Ill., Feb. 26.—W. J. Gillen and Harry Weeks, arrested last Saturday night with Benjamin O. Morrow on charges of distributing anonymous election campaign matter, waived preliminary examination today and were bound over to the grand jury under \$1,000 bond each. The hearing of Morrow who is at liberty under bond was set for March 1.

Morrow has admitted under oath, according to Chief of Police Mulconney that he was a "pretend commuteman" for the Ku Klux Klan, being paid \$10 a day and that the Klan had "committed" him in each of 61 precincts of the city. The campaign circulars were said to have been distributed under the name of candidates who are said to be Catholics or to have Catholic support.

The St. Louis Post-Dispatch has been publishing news articles that the Klan has endorsed the following "elite" for the primary election tomorrow at which two candidates for the majority and eight for city commissionerships are to be nominated.

M. L. Harris for the mayoralty and Ralph Cook, August Eggmann, S. F. Porter and the Rev. William R. Evans for commissionerships. Harris, Cook, Eggmann and Porter have denied they solicited the endorsement of the Klan.

## DEFENSE RESTS IN LAND CASE

(By The Associated Press)

KANSAS CITY, Feb. 26.—The defense rested today in the trial in federal court of W. E. Stuart, president of the W. E. Stuart Land company who is charged with use of the mails to defraud in connection with an alleged land swindle in Hidalgo county, Texas. This action followed the testimony of Stuart who took the stand in his own defense late in the day and told of his land projects in the Rio Grande Valley.

## DISCOVER SKULL OF TERTIARY PERIOD IN PATAGONIA WILDS

### Discovered by Dr. J. E. Wolfe, Who Has Been Exploring

(By The Associated Press)

BUENOS AIRES, Feb. 26.—Discovery of a fossilized human skull of the Tertiary period was announced today by Dr. J. E. Wolfe, who has just returned after two years of exploration in Patagonia on behalf of Laplata Museum.

Dr. Wolfe declared the fossilization was that of tertiary sandstone and that there was no doubt it formerly was the skull of a human being, not an accidental formation.

The lower jaw is missing, but otherwise the skull is almost perfect. The eye sockets and, what is still more convincing, the sockets of the teeth in the upper jaw, are clearly defined. The cranium is long and oval, and the forehead extremely low, and sloping.

Dr. Wolfe formerly was attached to the division of anthropology of the Canadian Geological Survey. He went to Patagonia primarily to study the language and mythology of the Indians and found the skull in the possession of a white settler on the Andean Slope who picked it up some years ago and kept it as a curiosity, not realizing its value. Dr. Wolfe said he had left the fossil in the possession of the settler, who had submitted data thereon to LaPlata museum for such action as the museum cares to take, to obtain it.

It also announced the ruins of an ancient fortified town in the heretofore unexplored region north of Lake Nahuel, in the territory of Santa Cruz, which he believes to be remnants of a civilization probably earlier than that of the Peruvian Incas. Sections of walls 45 feet in height built of blocks each of three cubic feet, cut out of basalt, are still standing. The walls extended for a distance of 150 yards between hills, which serve as buttresses. Within are the ruins of habitations.

Dr. Wolfe said the fact that the walls contained arches indicated their builders had reached a comparatively high state of civilization and intellectual attainment. The walls also were carved with strange hieratic inscriptions. Suffering from the Aztec, Inca and the Chibcha, in which he noted one carving in which appeared the representation of a man, the extinct glyptodon, he roughly estimated the age of the ruins at from 2,000 to 3,500 years, but thought excavations might definitely determine their age. There have been other evidences of an ancient civilization in Patagonia, but this is said to be the first discovery of actual ruins.

Some distance further south he found what was perhaps an ancient thornbush along which for more than a mile the rocks were covered with familiar inscriptions.

After leaving his data with the museum Dr. Wolfe plans to return to Patagonia next month when he is to search for the "enchanted city" of Patagonian Indian mythology, supposed to be situated in the Andes. He believes that this place, which the Indians refer to as the home of the sun god, will prove to be the ruins of another ancient city.

"The fossilized skull, is of course, that of a man who lived some million years ago," said Dr. Wolfe. "The people who lived in the fortified town were comparatively modern, reckoned by the age of the human race."

## NORTHERN ILLINOIS RITES TO BE TAKEN UP

(By The Associated Press)

CHICAGO, Feb. 26.—Northern Illinois rate and transportation cases will be taken up here tomorrow when the Illinois Commerce Commission convenes. With the exception of one case in Greenville, Saturday all sessions will be held in Chicago. Among the cases are complaints against rates charged by the Public Service Company of Northern Illinois in Evanston, Oak Park and Wilmette; petition for the approval of sale of property of the Peoples' Traction company between Gary and Abingdon; and complaint by Keithsburg, New Boston, Viola, Alpa, Alexis, Joy and Woodhull against charges for electric light and power rates by the Illinois Northern Utilities company.

## INSPECTORS SEIZE LIQUOR ON SHIP

(By The Associated Press)

NEW YORK, Feb. 26.—Customs inspectors seized a quantity of liquor found secured on the steamship Santa Teresa when she arrived from South American ports today. Three of the passengers were parted from bottles they carried in their hand bags. The Santa Teresa is scheduled to sail next week, with the United States delegation to the Pan American conference at Santiago.

## VETERAN LUTHERAN MINISTER IS DEAD

(By The Associated Press)

ST. JAMES, Minn., Feb. 26.—Rev. L. P. Thorsen, 66, veteran of the United Lutheran Minister of Minnesota, died today. He president of the Gudbrandsdal, an organization of Norwegians. In connection with his work for this organization he was presented with a medal of Knighthood by the King of Norway, the only American ever given such an honor.

## INSPECTORS ARE INVESTIGATING MAIL ROBBERY

Believe Thief Had Help from  
Within to Commit  
Theft

(By The Associated Press)

NEW YORK, Feb. 26.—Post-office inspectors investigating the theft of a registered mail pouch from a train entering the Grand Central Station Sunday, tonight turned toward a theory of possible collusion. It was learned today that when the Chicago train with thru mail from San Francisco, stopped at Albany, ten mail clerks came on board. It is said that a stranger was observed to have slipped on board with the regular clerks, possibly having provided himself with either stolen or forged credentials.

That his presence was noted is indicated by a report to the inspectors that armed guards searched the train after it left Albany, but no trace of the intruder was found. There is mystery in that phase of the story as the train was of the regulation mail carrying type affording few opportunities for a potential robber to secrete himself.

The stranger emerged from his hiding place, the inspectors say, as the train entered Grand Central Station. Some mail clerks saw him handling pouches and they raised an alarm. The intruder dashed to the end of the car and jumped to the tracks, slamming the spring door lock in the faces of his pursuers which gave him a few seconds' start. In his haste he dropped one pouch. He made his way up an emergency exit to Park avenue and disappeared. The missing package is said to have been consigned to a foreign city but the value is reported as negligible.

From an examination of the car in which the robber was able to work unmolested for some time as several mail bags were found slit open.

A similar robbery last week between Albany and Syracuse was announced today. The same mail train, No. 32, figured in Sunday's robbery.

## CONTRACTOR IS FOUND MURDERED

(By The Associated Press)

NEW YORK, Feb. 26.—Captain Frederick Schneider wealthy contractor and builder of "The Theodore Roosevelt," world's biggest apartment house was killed today by two bullets fired into the back of his head as he was driving along a lonely road in the outskirts of the Bronx. His body was found, slumped against the steering wheel, by a patrolman who had been told by a farmer that an "intoxicated man" was sleeping in a car down the road.

Medical authorities pronounced the case murder and forty detectives seeking the perpetrator set out to find a pretty blonde woman, well dressed and carrying a hand bag, whom the farmer had seen step from the automobile and hasten down the road. The wife from whom Schneider had been separated and who has resumed her maiden name, Minnie Stelter, was taken in custody for questioning, with a Mrs. Bazzi, Schneider's housekeeper, who was divorced by her husband, according to the police, on charges naming the contractor as co-suspect.

## CONFESSES TO MURDER OF CHILD

(By The Associated Press)

PHILADELPHIA, Feb. 24.—Wiley Morgan held in connection with the kidnapping Saturday six year old Lillian Gilmore and her five year old sister Dorothy, confessed tonight and led the detectives to a spot on a creek near Croydon, Pa. where the body of Lillian was found in a tree stump hole.

## AIRPLANE MAIL CARRIER KILLED

(By The Associated Press)

MEADVILLE, Pa. Feb. 24.—Elmer G. Leonard of Cleveland, U. S. Air mail carrier was instantly killed about ten miles west of Meadville today when his airplane crashed a fence and crashed to the ground.

## "Big Tim" Murphy Is Finally Back of Bars

(By The Associated Press)

LEAVENWORTH, Kans., Feb. 26.—Number 18990 and number 18991 banded in the receiving cell of the federal penitentiary tonight.

Number 18990 as he became known upon prisoner registration is "Big Tim" Murphy, Chicago lawyer, convicted for his connection with the Dearborn Station mail robbery at Chicago. Number 18991 is Vincenzo Cosmano, convicted of participation in the same robbery.

Cosmano is under sentence of four years. The same term faces "Big Tim" Murphy who obtained a reduction of two years on his original sentence. Murphy has been assigned to manual labor at the prison power plant, Warden W. I. Biddle announced tonight. Cosmano probably will be assigned to work in the prison laundry.

The two men, who kept up a cheerful line of chatter from the time of their arrival in Leavenworth, today, became serious when the prison gates closed up on them.

After "bucking the chow line" to the prison dining room, Murphy and Cosmano began a diligent study of a little pamphlet containing rules and regulations for prisoners. Both expressed a desire to take advantage of the sentence reduction offered all prisoners for good behavior.

## LEGISLATION ON FARM CREDITS TO BE TAKEN UP TODAY

### Passage of Measure is Forecast by Leaders on Wednesday

(By The Associated Press)

WASHINGTON, Feb. 24.—Farm credits legislation, over which there has been a row in congress for more than two weeks is to be taken up tomorrow in the house under plans contemplating a vote not later than Wednesday. Passage by the house was forecast by leaders.

Major provisions of the two senate measures, the Lenroot Anderson and Capper bills are incorporated in the bill as reported from the house banking committee. The formal report on the legislation was delayed but Chairman McFadden issued a statement explaining its principal purposes.

"This legislation is an endeavor on the part of the congress," Mr. McFadden said, "to enact a law that will provide intermediate credit banks which are to be managed and in the control of the federal farm loan boards. Each is to have a capital of \$5,000,000 or a total of \$60,000,000 which is to be subscribed by the secretary of the treasury and the stock is to become the property of the United States. Provision also is made for the creation of corporations with a minimum capitalization of \$250,000 to deal in agricultural paper having a maturity of six months or more and a further provision for the organization of a capital of \$1,000,000 or more to resell discount such paper for the loaning corporations."

"These intermediate credit banks can issue debentures up to \$600,000,000 in addition to their capital stock of \$60,000,000. It will be noted in this respect that this intermediary credit institution provides capital for agricultural interests almost double of the amount that was called for during the operations of the war finance corporation.

"Provision is made for the reimbursement of the government by the application of one half of the net annual earnings so that ultimately the government should be fully reimbursed for its capital stock subscription while still owing the banks with the same original capital and a surplus of 100 percent. After this has been accomplished the bill provides that two percent of the net earnings go annually to the surplus and the residue to the federal government."

"All in all the bill is an honest attempt to provide all necessary credits which the agricultural interests of the country claim to be in need of. At the same time it has been the honest intention of the framers of the bill to safeguard the provisions of the institutions in their operations that the least possible harm could be done to the institutions created and the greatest good to those to those who are to be served."

## CHICAGO NIGHT COURT IN SESSION

(By The Associated Press)

CHICAGO, Feb. 26.—Chicago's night court—the first in more than seven years—held its first session tonight, Judge John H. Hass presiding. A long list of cases marked the session. The spectators and witnesses' benches were crowded with those curious to see how the court would function. The first session was a boon to many persons who were saved from spending an extra night behind the bars. Five boys, who but for the night court would have spent together in police cells were the first to be tried.

## Greenwich Village Moves Into Court

(By The Associated Press)

NEW YORK, Feb. 26.—Greenwich Village moved today to Jefferson Market Court where it was decided that a painting of J. Francis Kaufman, "the marriage at Cana of Galilee"—portraying Christ and William J. Bryan, Andrew J. Volstead and William H. Anderson—might hang for at least two weeks at the Waldorf-Astoria exhibit of the Society of Independent Artists, while lawyers thrashed out the question of whether its display violated the penal statute pertaining to improper pictures. Abraham Baylison, secretary of the society admitted the picture bearing the inscription "father, forgive them, for they know not what they do,"

## THE RED BEAR

(N. E. A.)

Five hundred thousand Russians will die from hunger and disease caused by under-nourishment, this year, before the 1923 crops are harvested.

We get this in a letter from William Garner, former American newspaperman, now connected with the American relief organization in Russia.

Five hundred thousand may seem a big figure, and it is. But in the autumn of 1921 nearly 24 millions were starving in the Russian famine districts, out of their total population of 42 millions.

In the year that followed, writes Gardner, not more than 1,500,000 Russians died from

famine. This is the estimate of some of the leading American officials who have been feeding the hungry over there.

American relief broke the backbone of the famine. The lives we saved probably run into the millions. A good job, well done.

Garner writes: "Russia will not be able to feed its children properly until the cows and goats are brought up to the normal number. And it will not be fully able to take advantage of its available agricultural land until its draft horses are again equal to their pre-war number or replaced by motor cars and tractors."

Garner's report struck us as interesting enough to pass along, especially because it conveys the idea that a lot of the reports of Russia have been exaggerated. He quotes American officials as estimating that the number of Russians actually starving this winter does not exceed 5,000,000. Our charity representatives have the situation in hand about as well as could be expected, both in the matter of food and medical supplies. For one thing, the cholera and typhus epidemics are getting under control.

Garner sums up the general Russian situation by saying that there has been a pronounced change for the better. The people are as badly clothed as ever. But they seem animated by a

## BERTON BRALEY'S DAILY POEM

### HE'LL DO

By Berton Braley

HE can talk to the scholar or talk to the dunce,  
Though neither the one nor the other;  
The children he meets take to him at once  
And so, by the way, does their mother;  
Wherever he goes he fits in with the crowd,  
His laughter is hearty and mellow,  
He's neither too humble, too wise nor too proud,  
But simply a Regular Fellow.

HE isn't afraid to be acting the clown,  
When clowning will make people merry,  
Yet dignity sits on his head like a crown,  
When dignity seems necessary;  
He's fond of good music, however it's made,  
By fiddle, piano or cello,  
And yet he likes jazz when it's cleverly played,  
For he is a Regular Fellow.

HE'S normal and healthy and honest and clean,  
The kind of a chap you can tie to,  
And though he is faulty, he never is mean,  
He couldn't be that if he'd try to;  
A decent American, fond of his home,  
Wherever he happens to dwell; oh,  
There isn't a type that is treading the loam  
More loved than the Regular Fellow!

(Copyright, 1923, NEA Service)

more energetic spirit. "They have more and more the air of having something to do, whereas a year ago they had the appearance of having nothing to do—and nothing to look forward to."

"The change for the better may be noticed in the shop windows, in the fact that the streets are kept cleaner. Railroad service is appreciably better. The street cars, the electric lighting and gas systems—in Moscow, at least—are better than a year ago."

The Red Bear, gaunt and weak, but with renewed interest in life and a desire to do, is slowly emerging from his den. Recovery will be slow. But it's started—according to Garner.

## URANIA LODGE IN REGULAR MEETING

Urania Lodge No. 243, I. O. O. F., held its regular meeting Monday evening with a good attendance of members. The initiatory degree was conferred on William A. Rogers by a degree team of which Edgar Austin is captain.

Next Monday night the first degree will be conferred on ten candidates by a team from Oak Lodge No. 341 of Ashland. A committee was appointed to arrange for refreshments for that occasion.

On Monday evening, March 26, a large class will be given the final degree, and a committee was appointed to arrange for a big event on that date.

## WITH THE SICK

Miss Cora G. Graham of the Hoffman Floral Company is confined to her home on Hardin avenue by an attack of the flu.

Miss Helen Carter is ill at her home on West Jordan street.

Miss Gertrude Ayers of West State street is a patient at Passavant hospital.

Mrs. Marcy Osborne is ill at her home on Caldwell street suffering from an attack of la grippe.

Miss Harriet Davis of the Woman's College office is confined to her home on East College street by illness.

Miss Fannie Smith of Hardin avenue is ill of pneumonia.

Joseph Doyle, Leo O'Brien and Joe Galtier were among Jacksonville residents who attended the auto show in Springfield on Sunday.

Hospitaller Commander No. 31, K. T., will hold a special convocation this evening, at seven o'clock.

WORK. Visiting Knights welcome.

W. A. Fay, Commander.  
John R. Phillips, Recorder.

## Fellowship of Prayer

Daily Lenten Bible reading and meditation prepared for Commission on Evangelism of Federal Council of Churches.

TUESDAY  
Teaching Unwelcome Truth.

"And when the Sabbath Day was come, he began to teach; and they were offended in him." Mark 6:2-3.

Read Mark 6:1-13.  
"Love does not require that men shall suppress their deepest convictions and keep silent in regard to truths which the Holy Spirit has to them made clear."

MEDITATION: When Jesus faced a difficult task he went forward in calm assurance for he knew that his motive was love. It is the dynamic of love that is needed today in all realms of life, as for example, in the complex relations of modern industry.

HYMN:  
Where cross the crowded ways of life,  
Where sound the cries of race and clan,  
Above the noise of selfish strife,  
We hear the voice, O Son of Man.

PRAYER: O God, Father of us all, have pity upon the toiling masses of mankind, bent beneath the burdens of making war, shadowed by fears, suspicious, and long-lasting hatreds, unable to come into the large places of trust and brotherhood. Let thy blessing be with all who take counsel concerning the things that make for peace. Give largeness of vision, calmness of temper, a deep and ever present sense of the miseries which war brings on mankind, and unwavering faith in the possibilities of human progress. This we ask in the name of Jesus Christ, Master of hearts of men, and Leader of their hopes. Amen.

Mr. and Mrs. Joseph Schultz of New York City are visiting in Sinclair at the home of Mr. and Mrs. George Stice. They spent the week end with friends in Jacksonville. Mrs. Schultz was formerly Miss Sue Sake of this city and has many friends here.

Mr. and Mrs. Arthur Crum of Virginia were listed among shoppers in Jacksonville Monday.

## EDITOR WOULD NOT CRITICIZE FRANCE

Believes Americans Do Not Understand French Situation—Nation Struggles Under Debt and Is Trying to Rebuild.

Americans should not be so keen to criticize France for actions toward Germany, was the opinion of F. J. Duncan-Clark in a Forum address at the Congregational church Sunday evening. We do not understand the position of the French, who are hard pressed for funds, burdened with colonial possessions which are liabilities rather than assets, and struggling under an enormous war debt, as well as obligations incurred in restoring her ruined lands.

The speaker is the editorial writer on the Chicago Evening Post, and is in a position to know something of the French situation.

Mr. Duncan-Clark explained the different reparations agreements. At the close of the war, 15 billions reparations was asked, France was to get 75 per cent of this, England 8 per cent and Italy and Belgium, the remainder. Then Lloyd George proposed a scheme for getting 33 billion. The percentages were also changed. France was to have 52 per cent, England 22 per cent and the other nations, the remainder. When the total was reduced to 15 billion again, since it was impossible for Germany to ever pay this, the percentages were not changed. France would get only 3 billion and she has already spent 8 billion restoring her war torn territory and owes the United States and England 7 billion.

The speaker declared that France was in a position where she either had to have some guarantee of payment or use force. He pointed out the Red Army gathering on the western border. In spite of starvation and debt in Russia, this huge army has formed and could come down and sweep over France. Germany would be only too glad to let government go to pieces and aid them to get out of her debts.

## INTEREST INCREASES AT CENTENARY CHURCH

Large Audiences Present Sunday for Revival Services—Special Program Each Night This Week.

The first week of the revival meetings at Centenary church came to a wonderful climax Sunday. The congregation filled the large auditorium and the response to the music and preaching was cordial in the extreme. The solos of Mr. Lind and the choruses by the great choir are an important feature of every service and are inspiring in the highest degree. A noteworthy feature of the morning service was the entrance of the entire membership of the Loyal Men's Class, who marched down the aisle headed by the teacher of the class, C. S. Smith, and filled the front of the center section. They were greeted by hearty applause.

This week, most of the services will be special meetings. Monday night was Sunday school night. The members of the Sunday school were seated in a body, by classes, in the center of the room. Tuesday night will be Mothers' and Daughters' night. Roses will be presented to the oldest, the youngest, and the mother of the largest family, and to the youngest daughter present. Wednesday is Fathers' and Sons' night and suitable recognition will be given to the fathers and sons. Friday night, the official board and their families will be guests of honor.

Beginning Tuesday, Mr. Lind will hold meetings for the children at 4:15 p. m. or as soon after school as possible. He will teach them their own songs and organize junior choruses, tell stories and present object-lessons. Every child of school age is invited to these meetings. They will be held Tuesday, Wednesday, Thursday and Friday afternoons. These meetings are something new in evangelistic work, the method by which Mr. Lind conducts them not being used by any other evangelist.

These meetings are not confined to members of Centenary church, but the public is invited. It will be necessary to come early in order to get a seat this week.

## WINCHESTER CLUB TO GIVE A TEA TODAY

At 2 o'clock will be given at home of Mrs. Edward Smith this afternoon—Other News of Interest From Winchester.

Winchester Feb. 26.—The Winchester Woman's club will give a tea Thursday afternoon at the home of Mrs. Edward Smith on 10th Main street. A brief program will be given during the afternoon and the proceeds of the affair will be for the stage fittings fund for the community high school auditorium.

Public Sales Held  
The Scott County Breeders association held a sale of purebred hogs and cattle at 12 o'clock Saturday at the Bush and Peak barn. The auctioneer was Lloyd Seeley and the clerk W. L. Bagshaw. The sale was largely attended and the prices were uniformly satisfactory.

A public sale was held Monday at the Groat farm near Winchester. The sale was quite largely attended in spite of the unfavorable weather, and the proceeds amounted to something more than \$3,000. The auctioneer was W. L. Seeley and W. L. Bagshaw served as clerk. The Sunday school class of Mrs. Cal Simmons served a splendid lunch at noon.

Aged Resident Dies  
Mrs. Ellen Crabtree, who has been ill for some time, passed away Sunday at the home of James Brown west of town. Mrs. Crabtree at the time of her death was aged 83 years, 6 months and 4 days. Most of her life was spent in the Winchester neighborhood and she was one of the best known residents of the county.

Funeral services will be held at the Brown home Tuesday morning at 12 o'clock, in charge of Elder George W. Murray.

News Notes  
Miss Mary Ruth McDonald and guest, Miss Anna Margaret Jones, students of Illinois college, spent the week end at the home of Miss McDonald's parents, Mr. and Mrs. Clarence McDonald.

Mrs. Jesse Young and two little daughters of East St. Louis arrived Sunday night, called by the serious illness of her father, John T. McLaughlin.

Little Mary Kate Waters is ill at her home on North Main street. James Clayton is ill at his home in the southeast part of town.

Mrs. Albert Parks and daughter Loretta left Monday for Denver, Colo., and Mr. Parks will join them later. From there they will go to Exeter, Calif., and expect to locate somewhere in the coast state, just where they have not yet decided.

Dr. Hardy Stewart of Bluffs was a visitor here Monday.

Miss Underwood of St. Louis arrived Sunday to accept a position as trimmer at the millinery store of Miss Mabel Sage.

## TWO BASKETBALL GAMES SCHEDULED FOR TONIGHT

The D. O. O. K. Tigers will meet at New Berlin American Legion players at the David Prince Gym tonight. The New Berlin team has had a series of winnings and the Dokays are expecting a stubborn contest in this game, which begins at 8 o'clock.

As a certain raiser the Boy Scout Troop 4 basket tossers will meet the Getaways quintette. These same teams met some time ago and the Getaways lost by a small margin. They hope to take revenge in the contest tonight. Fans are assured two good games.

Dr. J. W. Eckman was a professional caller in the city yesterday from Winchester.

## MANCHESTER WOMAN INJURED BY FALL

Mrs. Josephine Rochester Sustains Fatal Injuries in Fall Monday Morning—Other Manchester News.

Manchester, Feb. 26—Mrs. Josephine Rochester was very painfully injured when she fell at her home here about 8 o'clock Monday morning. Mrs. Rochester slipped and fell on a board walk in the rear of her home, striking her head on the floor. The force of her fall was such that she was rendered unconscious for some little time. Dr. J. W. Weis was called to give the necessary medical attention and last night Mrs. Rochester was reported to be resting comfortably.

A. R. Greenwalt spent the week end with his mother, Mrs. William Greenwalt in Bloomington. John Akers and family moved from Murrayville to the Langdon farm south of town. The Akers family formerly resided here but removed to Murrayville about a year ago. Their many friends are glad to welcome them back to the neighborhood.

Tom Sellars and family moved Monday to the Charles Robinson farm north of town. S. A. Patrick and family of Murrayville will occupy the farm vacated by the Sellars family.

Mrs. Sarah Greenwalt and Mrs. Ethel Rousey and daughter Ruth spent Saturday in Jacksonville.

E. L. Maine was absent Monday from the bank because of illness. Mr. and Mrs. Frank Clinard and children are all ill at their home east of town.

Mr. and Mrs. Fulton Cuddy returned Sunday from a few days' visit with relatives in St. Louis.

A two weeks series of meetings began Sunday night at the M. E. church. They will be conducted by the pastor, Rev. H. M. Ingram.

Mrs. F. F. Clark has returned from a week's stay at the home of her mother, Mrs. Vanier, in Chapin, who is ill. Mrs. Clark's daughter, Mrs. George Cooper went to Chapin to care for her grandmother for a few days.

George Heaton of Wyoming is quite ill at the home of William Copley east of town. Mr. Heaton came here to attend the funeral of his brother, the late James Heaton, and was taken ill during his stay here.

## ELKS CONCERT

There are still good seats left for the Elks Male Chorus Concert tonight. Reservations may be made at William Berryman's office under Farrell Bank, until noon today and at the High School this evening.

Roy Tholen of West Lafayette avenue spent the week end with friends in Beardstown.

## Health!

expel impurities with

Dr. KING'S PILLS  
for constipation

## QUICK RELIEF FROM CONSTIPATION

Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 15c and 30c.

## DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (it may prevent pneumonia), 15c and 65c, jars and tubes.

Better than a mustard plaster

**MUSTEROLE**  
WILL NOT BLISTER

## MAKE PLANS FOR BOYS AND GIRLS CONFERENCE

The Older Boys and Girls Conference is to be held in Jacksonville April 14 and 15. Indications are that this will be one of the best conferences of the kind ever held here. Some of the preliminary arrangements were considered at a conference held Sunday afternoon at Central Christian church by about thirty representatives from the different Sunday schools.

It was arranged to have teams visit the various Sunday schools next Sunday morning and make explanation of the conference plans.

Grace M. E.—Lloyd Bieber and Lillian Sardina.

First Baptist—Kent Bracewell and Ina DeBard.

Brooklyn M. E.—Virginia Brown and Robert Furry.

Centenary M. E.—Virginia Smith and Melbhi Hart.

Westminster—Earl Hoover and Dorothea Pearson.

Central Christian—Florence Galey and Malcolm Allen.

Northminster—Georgia Terhune and Alfred Cranwell.

Trinity—Kenneth Watts and Wilma Henley.

Congregational—Gale Jackson and Elizabeth Hardesty.

State Street Presbyterian—Lee Baldwin and Garna Phelps.

The representatives will present their messages as follows:

I—We are here in the interests of the Older Boys and Girls Conference to be held in Jacksonville April 14-15.

II—This conference is under the direction of the Morgan County Sunday School association thru its Young People's Department, and is under the direction supervision of D. H. Wing, the Young People's superintendent of the Illinois Sunday School association.

III—Mr. Wing will have with him a number of the best workers with older boys and girls to be found in this state.

IV—Every Sunday school class in Morgan county whose members are between 14 and 24 years of age will be urged to send

1—Boys class, one or more boys.

2—Girls classes, one or more girls.

3—Mixed classes at least one boy and one girl.

They are asked to send as many as possible.

V—Every teacher of a class whose members are between 14 and 24 years is invited as well as every superintendent and pastor in Morgan county. The conference will develop methods and plans for management, organization and service of the Young People's work in the Sunday school, which the leaders, as well as the young people should be familiar.

VI—We want especially at this time to urge that every young people's class in this Sunday school select one or more of its members to attend a preliminary meeting at the Central Christian church at 4 o'clock this afternoon.

VII—At this meeting reports of progress in arranging for the County Conference will be given, and plans made to visit each of the four sections of the county in a Sunday afternoon rally for the young people of these sections, to be addressed by the young people representing the classes of the Jacksonville Sunday schools. The meeting this afternoon is really a best one and on its success depends, in a large measure the success of the entire enterprise. We are, therefore, very urgent in our request that every class in this Sunday school select and send its representatives, giving us their names before we leave.

VIII—The High School class of the Central Christian Sunday school has invited the members of this preliminary meeting to remain as their guests for lunch this evening and the following program will be given during this hour:

Selection by Troop 4, Boy Scout orchestra.

Male Quartet—Floyd Short, Harry Stone, John Morris and Russell Deatherage.

Reading—Earl Hoover.

Vocal Solo—Miss Ruth Melba Armstrong.

Reading—Miss Dorothy Dunavan.

Selection by Troop 4, Boy Scout orchestra.

The meeting will adjourn in ample time to allow all visitors to get to their Young People's meetings at 6:30 o'clock.

Sunday schools meeting in the afternoon will be visited by teams to be appointed next Sunday morning. All these schools are expected to be as fully represented as those meeting in the morning.

**SPECIAL DANCE**  
For Elks and friends immediately after Elks' Concert, Tuesday night.

William Lippert of Virginia was in Jacksonville attending to business on Monday.

**WILL TAKE OFF**  
**ALL EXCESS FAT**

Do you know that there is a simple, harmless, effective remedy for overweightness that may be used safely and secretly by any man or woman who is losing the slimmest of youth? There is; and it is none other than the tablet form of the now famous Marmola Prescription Tablets. You can well expect to reduce steadily and easily without going thru long sieges of tiresome exercise and starvation diet. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a case, or you can secure them direct from the Marmola Co., 4612 Woodward Ave., Detroit, Mich on receipt of price.—Adv.

## REDBURN INQUEST IS HELD MONDAY NIGHT

Coroner Rose Conducts Inquiry Into Death of E. H. Redburn, Which Occurred Sunday—Funeral to Be This Afternoon at Gillham Funeral Home.

An inquest was held Monday evening over the body of Elisha H. Redburn, whose death occurred Sunday at his home, 861 Cass avenue. Coroner Rose held an inquest at the Gillham Funeral Home, where the remains were taken for burial. It was learned thru testimony at the inquest that Mr. Redburn had not had the services of a physician for several weeks before his death. In September he had a paralytic stroke, and has since been an invalid.

The coroner's jury consisted of H. L. Burrows, foreman; Charles E. Rinehardt, Ira Patterson, Clifford Strandberg, Ralph Gillham, and J. L. Tayman, clerk. Funeral services for Mr. Redburn will be held at 2:30 o'clock this afternoon from the Gillham Funeral Home, in charge of Rev. W. H. Marbach. Interment will take place in East cemetery.

Deceased was born Feb. 1st, 1840, in Wayne county, Ill., the son of Mr. and Mrs. Abraham Redburn. He came to this city in 1886, where for many years he followed the occupation of drayman. He enlisted in the Civil War and took part in many important engagements. He was a member of Matt Star Post, G. A. R.

After the war Mr. Redburn went to Farrington in Jefferson county where his parents resided. On Nov. 29, 1896, he was married at Farrington to Sarah A. Stevens. Shortly after his marriage he moved to Mt. Vernon where he entered the employ of the Louisville & Nashville railroad. Later he came to Jacksonville and had been a resident of this city for nearly forty years.

He is survived by his wife and three children. Mrs. J. A. Manes, Miss Levena Redburn and Charles W. Redburn, also by two brothers, T. A. Redburn of Blinford, Ill., and William Redburn of Rome, Ill.

## ENTERTAINED FRIENDS

Mr. and Mrs. George Oxley entertained at a dinner Sunday a few friends and relatives, for their daughter, Mrs. Frank Wilson of Durbin neighborhood.

Those present were Mr. and Mrs. Milford Rees and daughter, Margaret; Mr. and Mrs. John Ebrey and son, Allen; Mr. and Mrs. David Rawlings, Miss Maude Rees, Mr. and Mrs. Lawrence Oxley and daughter, Betty Lee, and Mr. and Mrs. Frank Wilson and Maxine and David, and Rev. F. M. Rule.

The hours were pleasantly spent in music and conversation.

**ADMINISTRATOR'S NOTICE**  
Estate of Renick Vires, Deceased.

The undersigned, having been appointed Administrator of the estate of Renick Vires late of the County of Morgan and State of Illinois, hereby gives notice that she will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the April term, on the first Monday in April next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 9th day of February, A. D. 1923.

KATHRYN VIRES, Administrator.

## INCOME TAX FACTS

No. 24

The Bureau of Internal Revenue has at its command innumerable sources of information for checking up delinquents. Under the "information at source" provisions of the revenue act returns of information are required of all persons, trustees, guardians, fiduciaries, and by corporations, partnerships, and organizations, and officers and employees of the United States who paid to others during the calendar year 1922, \$1,000 or more.

Income to be reported includes interest, rent, premiums, salaries, "and all fixed and determinable income." A separate return of information for each employee whose salary for 1922 was \$1,000 or more is required of employers. Special attention is directed to the requirement that partnerships, in addition to filing a regular partnership return on form 1065, shall file an information return showing the salaries paid each member of the partnership.

Payment for overtime fees, commissions, bonuses, shares in the profits of a business, and the fair value of board and lodging furnished as part of payment for services should be included in the total salary paid. Banks and similar organizations are required to report interest paid or credited to a depositor if the total during the year equaled or exceeded \$1,000.

Returns of information on file on Form 1099, Form 1096, on which must be shown the number of separate returns, serves as a letter of transmittal. Information returns must be filed with the Commissioner of Internal Revenue, Sorting Section, Washington, D. C. Collectors of Internal Revenue are not authorized to receive these returns.

The period for filing is from January 1 to March 15, 1923. Information returns are carefully checked with individual returns. It is a taxpayer's individual return a payment reported on an information return is omitted, quick action by the Board of Internal Revenue follows. Thousands of delinquents, and additional taxes aggregating hundreds of thousands of dollars, have been discovered as the result of this audit.

Specific gravity of platinum is 21.48.

**ELKS CONCERT**

There are still good seats left for the Elks Male Chorus Concert tonight. Reservations may be made at William Berryman's office under Farrell Bank, until noon today and at the High School this evening.

**CHRISTOPHER BRAMBLE**, of Brooklyn. Retired Chief Quartermaster U.S. Navy, who says his determination to try Tanlac was the wisest decision he ever made as the medicine completely restored his health.

Christopher Bramble, 783 right. Monroe street, Brooklyn, N. Y., Chief Quartermaster, U. S. Navy, retired, is now on ardent champion of Tanlac.

"I'll stand by Tanlac to the very last," declared Mr. Bramble, "for it has helped me back on my feet and I am feeling like a new man now. I had suffered from stomach trouble for two years and was in an awful run-down condition. My appetite went back on me and when I did eat a little something I would suffer pain and misery for hours. My nerves were all out of fix. I would lie awake tossing and rolling until almost day, and I felt weak and tired all the time. I had no energy to do anything and just felt anyway but

"Well, I just optk on losing weight and getting worse until I concluded to try Tanlac, and that was the wisest decision I ever made. It's the only medicine I ever saw that does all they say it will. I now eat three hearty meals a day and never feel a touch of indigestion, and my appetite was never better, even when I was a school boy. My sleep is sound and restful and I get up mornings feeling refreshed and fine. My weight has increased and I have been built up until I never felt better in my life. If anybody doubts this statement just let them see me."

Tanlac is sold by all good druggists. Over 35-million bottles sold. (adv.)

## ILLINOIS PLAYS EUREKA COLLEGE

Game Will Be Played Tomorrow Night In David Prince Gymnasium—Last Game of 1923 Season for Blue and White.

The last game of the basketball for the Illinois College team will be played on Wednesday night of this week when Eureka college comes to the local floor. The latter part of January Eureka trounced Illinois college at Eureka by a 10 point margin. Illinois had played a hard game the night before on the big Wesleyan floor at Bloomington and so were not so full of dash and go in the Eureka game as they might have been.

Wednesday night conditions will be different. The Illinois team returned Saturday after-

noon from Galesburg where they surprised and trounced the strong Lombard team Friday night. They have had a good rest and yesterday went into practice with the same aggressiveness which characterized their play against Lombard. A repetition of Friday night's exhibition at Galesburg will spell disaster for the Eureka team here on Wednesday night.

Capt. Mellon at center and Hiatt at forward will play their last game with the Blue and White in the Eureka tilt. Both men will be graduated in June. The team is determined to give them a victory to close their basketball career.

Joseph Hennessey of Alton spent the week end in the city at the home of his mother, Mrs. T. W. Hennessey on Doolin avenue.

## IOWA DEFEATED MINNESOTA 29 TO 24

IOWA CITY, Iowa, Feb. 26.—The University of Iowa won its tenth consecutive western conference basketball game tonight, defeating the University of Minnesota by the score of 29 to 24. After overcoming a one point Minnesota lead at the outset, Iowa took possession of the ball and led 15 to 8 at half time.

Iowa increased its advantage to 25 to 9 when with five minutes to go the second team was sent in. Minnesota then brought its score up to 24 while Iowa added only four more. Janse, Iowa forward, caged three field goals, while Funk made eleven free throws. Pezek, Minnesota forward, made five field goals. The defeat was Minnesota's tenth straight.

## FLYAWAYS WIN ANOTHER GAME

Defeated Baptists by Score of 38 to 28—Game Was Hard Fought One

The Flyaways added another victory to their string last night when they defeated the Baptists by a score of 38 to 28. The game was hard fought thruout and the

players of both teams did excellent work.

Mitchell and McDaniel were the high point scorers for the Flyaways while Emmerson and Goody did the main scoring for the Baptists. The score:

Flyaways	F.G.	F.T.	Tls.
Strawn, f	2	3	7
Mitchell, f	3	1	17
McDaniel, c	6	1	13
Kilian, g	0	0	0
Milburn, g	0	1	1
Totals	16	6	38

Baptists	F.G.	F.T.	Tls.
Emmerson, f	4	3	11
Smith, f	0	0	0
Goody, c	6	3	15
Abernathy, g	1	0	2
Forward, g	0	0	0
Totals	11	6	28

Referee—Richard Esmond.

Timekeeper—Tracey Cowgur.

## ELKS DEFEATED CHAPIN INDEES

Local Tossers Win Game From Chapin Indees—White Hall Team Unable to Get Thru Because of Rain.

The Elks basketball five defeated the Chapin Indees in David Prince gymnasium Monday evening, the final score being 28 to 12. The score at the half was 13 to 7 in favor of the Elks.

White Hall's American Legion team was booked for the game but at the last minute notified the Elks management it would be impossible to get here because of a heavy rain which fell in Green county late in the afternoon.

The management then got into communication with the Chapin team. This team had defeated the Elks recently and said they would be glad to come as they were going to practice anyway and believed this would be a good practice game.

It proved to be an excellent practice game for both teams but it did not turn out at all like the Chapin players anticipated.

The scoring for the Elks was done by Zell, Lewis, Woods, Reynolds, Cain and Seymour. J. Smith, E. McDaniel, O. McDaniel and W. McDaniel did the scoring for the visiting team. The score:

Elks	F.G.	F.T.	Tls.
Zell, f-g	2	0	4
Lewis, f	1	3	5
Seymour, f	2	0	2
Woods, c	2	1	5
Reynolds, g	1	0	2
Arter, g	0	0	0
Cain, g	4	0	8
Totals	12	4	28

Chapin	F.G.	F.T.	Tls.
J. Smith, f	1	3	5
E. McDaniel, f	0	1	1
Delhhs, c	0	0	0
Lowe, c	0	0	0
O. McDaniel, g	2	0	4
Gimble, g	0	0	0
W. McDaniel, g	1	0	2
Totals	4	4	12

Referee—Hull, Jacksonville High school.

THE DAY'S EVENTS IN WASHINGTON

(By The Associated Press)

Speaker Gillett was reported ill with influenza.

The house banking committee reported a composite rural credit bill.

Secretary Davis initiated a move to deprive Isadora Duncan, the dancer of American citizenship.

The senate failed to reach a vote on the motion to recommit the shipping bill which even its supporters admit is dead.

Secretary Hughes, it became known has decided it will be impossible for him to attend the Pan-American conference next month in Santiago, Chile.

The house passed the deficiency appropriation bill carrying \$153,000,000 and the Porter resolution designed to decrease drug production by international agreement.

The United States paid Norway \$12,239,852.47 the amount awarded by the tribunal of arbitration in settlement of claims growing out of the seizure of Norwegian ships during the war.

Extensive investigations by immigration authorities to determine how many aliens have been smuggled into the United States in violation of the Seaman's act was ordered by Secretary Davis.

Favorable report of a resolution proposing a constitutional amendment which would provide a popular referendum on future changes in the federal constitution was ordered by the senate judiciary committee. As a step preliminary to revision of tax laws, Senator Norris, Republican, Nebraska introduced a resolution proposing an inquiry by the federal trade commission to determine the amount and ownership of the "chief kinds of wealth" in the United States.

Complaint was served by Secretary of Agriculture Wallace on Armour and Co. and Morris and Co., Chicago meat packers, charging them with violating the packers and stock yards act by entering into an agreement for the purchase of the Morris company's assets by the Armour interests.

APPLEBY RUNS AWAY WITH MATCH

New York, Feb. 26.—Francis T. Appleby of New York tonight won his opening round match from Robert M. Lord of the Illinois Athletic Club, Chicago 300 to 74, in the national Class A, amateur 182 balt line billiard championship tournament.

Appleby made it a runaway affair.

John A. Clinton, Jr. of Pittsburgh, had more difficulty in defeating Percy N. Collins of Chicago, 300 to 261 in the opening match this afternoon.

## PREHISTORIC MAN OF THE OZARKS WAS ORIGINAL IN TYPE

Expedition From New York Reaches This Conclusion

(By The Associated Press)

NOEL, Mo., Feb. 26.—The prehistoric man of the Ozarks region probably was a type of Indian found nowhere else in America, according to conclusions said to have been reached by members of an expedition from the Heye Foundation in New York which has been conducting extensive research work under the limestone cliffs and rock shelves in this part of the Ozarks.

Announcement was made today that several skeletons of these prehistoric beings had been unearthed. The expedition also has been at work along the White River in Missouri and Arkansas.

Members of the expedition asserted that altho the Ozark men of past ages utilized the huge rock formations or cliffs, for their homes, they should not be confused with cliff dwellers who lived high up on the faces of cliffs. The prehistoric men of this region it has been learned, lived under the cliffs whose tops extend far out over the ground beneath.

Men who lived in this region in prehistoric times, members of the Heye Expedition have discovered used crude weapons and implements. It is estimated that some of these uncovered are 1,000 to 1,500 years old and in a remarkable state of preservation. This was explained by the fact that the dirt beneath the huge overhanging cliffs is bone dry and that even articles made of bark and grass will last for ages under such a condition.

Among articles uncovered is one jokingly described by the excavators as an "invitation card." It consists of three short sticks tightly bound together by bark rope. When left near an Indian camp fire by another member of the tribe it is said to have constituted an invitation to dine. The strands binding this particular article are in a state of perfect preservation, as are the sticks.

Another article discovered in the same excavation is the fore shaft of a spear. Small lines forming diamonds had been cut around the stick and the cuts had been filled with white paint. The paint resisted even the scratching of a finger nail.

Raymond Harrington head of the workers here has expressed belief that the original inhabitants of the Ozark region came from the south and southeast and combined to form the prehistoric race whose weapons and implements are now being found after having been hidden in the ground for centuries.

## FINAL PANEL OF JURY TENDERED TO DEFENSE

(By The Associated Press)

MARION, Ill., Feb. 26.—Completion of the jury in the second Herrin mine riots trial went over to Wednesday, court being adjourned today to permit Judge Hartwell of Williamson county circuit court to attend the funeral of his uncle, James Hartwell, tomorrow. The state this afternoon tendered to the defense the final panel of four prospective jurors. The defense has until Wednesday to decide upon the panel, which, if accepted, will complete the jury as eight jurors have been chosen definitely by both sides. Three farmers and an electrician comprise the panel.

Two prospective jurors, tentatively agreed upon last week were removed with peremptory challenges by the prosecution during the day. Both were union men.

Lieut. W. H. Peters and father made a business trip to Scott co university at state school on county yesterday.

## ASK COOK COUNTY TO VOTE AGAINST BONDS

(By The Associated Press)

CHICAGO, Feb. 26.—A resolution requesting Cook county members of the state legislature to vote against any additional state bond issues at this session of the legislature was adopted by the Associated Roads organizations of Chicago and Cook county today. The resolution stated that the organization "believes that the time is inopportune to vote a bond issue of \$100,000,000 or any other amount" and that "the state has sufficient funds on hand to pay for maximum construction of new highways until such time as a new policy may be determined."

The association adopted another resolution urging upon the department of public works and buildings the necessity of policing the improved highways to enforce the limitations of weights and loads as provided in the motor vehicle law and that a careful study of an adequate fee for heavy trucks and motor buses should be made and the necessary legislation adopted.

## WILL TAKE COURSE IN NAVIGATION

Belleville, Ill., Feb. 26.—Col. C. D. Hall, commandant at Scott Field, the government's lighter-than-air station near here, and three lieutenants will depart for the naval air station at Lakehurst, N. J., shortly and take a course in navigating the SR 1 said to be the largest rigid airship in the government service. It was announced today. Major John A. Paegelow will assume

charge of the local field, it stated.

A sister ship to SR 1 is under construction in Germany in connection with the reparations payments it was added and this is expected to be sent to Field.

Mr. and Mrs. D. B. Gaskin back at their home on S. Main street after a visit of several days with friends in Chicago.

Mr. and Mrs. J. M. Danie Literberry made a trip to the on Monday.

Avoid Harmful Grit

Pepsodent erodes the film and removes it without harmful scouring. Its polishing action is far softer than enamel. Never use a tooth powder which contains harsh grit.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

Thus it gives manifold power to these great natural tooth-protecting agents. These combined results mean a new dental era.

You will be amazed

This test of Pepsodent brings a new conception of what clean teeth mean. Present the coupon for it. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

In a week you will know what is best for you and yours—the old ways or the new. That decision is important. Cut out the coupon now.

Prettier teeth seen everywhere

You see prettier teeth now wherever you look, for millions are fighting film. So it is the world over. Careful people of some 50 nations now use Pepsodent every day. This test will show you why. No one can see the Pepsodent results without wanting them continued.

## Enjoy This Now

Combat that film on teeth

Watch the new beauty come

Go ask for this free test.

The results will delight you. They will show you a way which millions have found to whiter, cleaner, safer teeth.

All in your home should know it. Show them at once what it does.

Why teeth grow dingy

You feel on your teeth a viscous film. It clings to teeth, enters crevices and stays. No ordinary tooth paste effectively combats it.

That film is the teeth's great enemy. It absorbs stains, then forms a dingy coat. Tartar is based on film.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. That's why 49 in 50 suffer from tooth troubles. Germs breed by millions in film. They, with tartar, are the chief cause of pyorrhea, now so alarmingly common.

Now you can combat it

Dental science has in late years found two film combatants. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved these methods effective. Then a new-type tooth paste was created, based on modern research. These two film combatants were embodied in it for daily application. That tooth paste is called Pepsodent. Careful people the world over now use it, largely by dental advice.

A new dental era

Pepsodent also multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

## Social Events

### Wednesday Class

with Mrs. Bell.

The Wednesday Class will meet tomorrow afternoon at the home of Mrs. Cleon Bell at 1053 West College Avenue. The program will be in charge of Mrs. Miller Weir who will continue her review of Chauncey M. DePew's, "My Memories of Eighty Years." A social hour will follow the paper.

### Standard Bearers

to Meet

The Standard Bearers of Centenary church are to have a supper and meeting this evening at the church. Supper will be served at six o'clock and each member will take a part of the menu. After the supper hour there will be a business meeting with Mrs. Ruth Hutson the president, presiding. She will read a number of letters from district officers, telling of the work of the society.

### Entertained at Dinner.

Miss Margaret Lonergan entertained a number of friends at dinner Sunday noon at her home on South Clay Avenue. The guest list included Misses Margaret Burkery, Florence Barber, Margaret Shannon, Elizabeth Doolin and Marie Kerrigan.

### Westminster Birthday Party

The January and February birthday of the Ladies' Aid society of Westminster church will be held this afternoon at three o'clock at the Manse. The hostesses for the party will be Mrs. Thomas Smith, Miss Eleanor Moore, Mrs. G. C. Guthrie, Mrs. Herman Ellis, Miss Anna Duer, Mrs. Marshall Miller, Miss Grace Carter, Mrs. Frank Orear, Mrs. William D. McCormick, Mrs. Walter Rabjohns and Miss Anne Stevenson. An entertaining program of music and amusements has been planned for the afternoon. Mrs. Clara M. Nelms will play a group of violin solos. At the close of the program there will be a pleasant social hour and afternoon tea will be served.

### Miss Southwell Entertains Friends

Miss Louise Southwell entertained members of her club at her home, 844 North Church street Monday afternoon. The regular business meeting was

held after which refreshments were served.

### CLARENCE RADCLIFF APPEARS IN RECITAL

Local Singer Given Enthusiastic Greeting—Miss Christine Cotner Violinist Aids in Program.

Clarence Radcliff, baritone, a pupil of Mme. Collard, appeared in recital yesterday evening in Music Hall. Mr. Radcliff has many friends in the city; some he has made for himself by the ties of residence and neighborhood, others by professional work in various choirs of the city; and many of his friends were present in large numbers to hear this recital. The naturally fine baritone voice, improved by careful study, showed to excellent advantage in the twelve modern songs that the program set forth. An easy stage presence gained favor for him before the rich voice sounded the first note of "The Blind Plover" and with each number the appreciation of the audience was more apparent.

Mme. Collard played the accompaniments for Mr. Radcliff and proved herself a true artist by her interpretations of the piano parts.

Mr. Radcliff was recalled several times and at the close of the program added an encore number. Miss Christine Cotner, violinist, assisted in this enjoyable program. Miss Cotner plays in a most satisfying manner. Her intonation and phrasing are beyond reproach. She shows unusual talent and the high attitude toward work. The career of this budding artist will be watched with keen interest.

The audience insisted on a reappearance and she graciously added, "Fair Rosamund" by Kreisler to her own contribution to the evening's pleasure.

Miss Marie Luke was Miss Cotner's able accompanist.

### BEREA CHURCH PLANS FOR NEW EDIFICE

Church in Northeast Part of County Now Planning to Erect New Church Building—Early History of Church Recalled.

If plans now under consideration are carried out a new building will be erected for Berea church in the northeast part of the county at no very distant date. The committee representing the church in this matter includes L. J. Stewart, W. W. Robinson, Harrison Robinson, C. W. Swain and Hal Stewart.

Some substantial subscriptions have already been made and the interest of the church people is such that it is safe to say that the necessary money for the proposed structure can be secured.

The first Berea church was erected in 1855, although the original organization date was two years earlier. The first church service was held in a school house and there were 25 members in the original church. The first edifice was modest in detail but was sufficient for the needs of the time and was erected at a cost of \$1600.

A number of years later the membership of the church had so increased that the building which is now used was erected with varying changes in the membership the interest of the congregation has continued and it is now felt that a more modern building will make possible an extension of the church work.

Among the names of persons associated with the work of the church in the earlier years are: Charles Rowe, elected an elder in 1852; Joel Robinson, Willis Harbs and William Stice, chosen deacons at the same time; Cyrus C. Jones, Isaac Robinson, James C. A. Simms, C. G. Jones, William R. Grant, James C. Corington, John Boston, James P. Dewese, W. W. Happy, A. McCulom, L. S. Sweeney, W. J. Kane, W. M. Brown, G. M. Goode, John Wilson, Dr. John C. Cobb, Benjamin McIntire.

Among those who served as pastors were Charles Rowe, George Owens, M. R. Underwood, W. R. Grant, A. H. Rice, L. T. Shuff and M. M. Goode.

### WILL REQUIRE SPECIAL VISES

Berlin, Feb. 26.—The Franco-Belgian authorities in the Rhineland and Ruhr intend shortly to require special visas for all Germans desiring to enter the new or old occupied areas according to the Essen correspondent of the Neue Berliner Zeitung who bases his statement on "reliable authority."

"Vises will be granted, he adds, only on proof that the visits are urgently necessary."

### WILL SPEAK AT BANQUET.

Chicago—Henry J. Allen, former governor of Kansas, and Hon. Julian Arnold, commercial attaché of the United States in China will be guests and principal speakers at the dinner meeting of the Chicago Association of Credit Men here next Tuesday evening. Allen's address will be upon the proposed waterway project and its importance to commerce in the middle-west. American business in China will be the topic upon which Mr. Arnold will discourse.

## IMPROVEMENT BOARD HELD TWO HEARINGS

At Monday Sessions Passed Resolutions For Paving on East College Avenue and North East Street.

The board of local improvements held two public hearings at the city hall Monday afternoon one relating to the proposed improvement of East College Avenue and the other to North East Street. On both of these projects asphalt pavements will be laid.

Some objections were filed to both projects but the board after giving careful consideration to all the facts, went on record as in favor of proceeding.

This was the second hearing on East College Avenue in order to amend the record and provide for pavement all the way from Mainvalterre street to Johnson street with the exception of a small portion under the Burlington sub-way.

The North East street project provides for the pavement from Court street north across the Washab railroad to Independence Avenue and thence west one block to North Main street.

Some of the objections on the streets maintained that the proposed pavements would cost as much as their properties are worth and that the betterments would not add one cent of value or make their properties more salable.

Mayor Crabtree stated, as he has done before, that public improvement is one of the most difficult things that any city administration meets. He went on to say that some of the objections are always upon the same ground, and that there are probably individual interests where seemingly hardship is worked by the insistence on the paving project.

However, experience has shown that when once a pavement has been laid that there is a general sprucing up which improves the value of the abutting property and in the end the pavements are found to be worth every dollar that they have cost.

It is a fact, the mayor said that practically all persons who object to pavements in recent years are now very ready to admit that there were benefits which came with these improvements and that it was a wise thing for the board of local improvements to go thru with the scheduled program.

Mr. Crabtree explained that the law had given authority to boards of local improvement to put down pavements and other essential betterments with or without the consent of the property owners, because it is an unusual thing to secure the approval of a majority of the expense involved, and said further that if a city is to make progress or even keep pace with other cities, that it is really necessary that improvement programs be arranged from time to time and put thru.

## STUMBLING BLOCK FOR AGRICULTURE

Theory that Soil Was Inexhaustible Has Been Detriment to Illinois Farming.

URBANA—Pioneer Illinoisans who passed along to succeeding generations the mistaken conception that its prairie lands were inexhaustible in fertility, has been a stumbling block to agricultural progress in the state, although there need not come a day when it may be said that past generations robbed the prairie soils of their wealth, writes H. J. Snider, assistant professor of soil fertility at the University of Illinois.

"Many of our early pioneers were attracted to Illinois solely because of the reputed wealth of fertility stored in the open prairie soil and which was heralded as inexhaustible," Prof. Snider states. "They were not disappointed. They became imbued with the notion that these lands could not wear out. They passed this belief along to succeeding generations and it became a stumbling block to agricultural progress. The idea that these lands contained an inexhaustible supply of fertility also is shown in many extracts from early historical sketches. However, we find conditions radically changed."

"Soil investigations carried on by the university show that the wealth of fertility still remaining in Illinois prairies can be conserved, and that which has been exhausted can be restored. And, with an immediate profit to the farmer and lasting and permanent benefit to the state. Soil conservation and improvement may be carried out along practical and economical lines so present day farming need not be altered."

"Crop rotation is one of the first important steps, which has for its basis the growing of legumes at least once every three to six years. An area of probably 20,000,000 acres of farm land is acid and in need of limestone. Ground limestone has proved a profitable fertilizer on these sour soils. Almost all normal soils in Illinois are deficient in phosphorus and this deficiency must be made good before maximum crop yields can be obtained."

### ST LOUIS COUPLE

ROBBED IN CUBA—St. Louis Feb. 26.—It was learned this afternoon upon their return from Cuba that Mr. and Mrs. Henry W. Peters were robbed of jewelry valued at \$25,000 while asleep in a hotel at Havana recently. Mr. Peters is vice-president of the International Shoe company. Part of the jewelry was insured but protected only against theft in the United States it was said.

## BOXES GREAT AID TO MAIL DELIVERY

Postmaster Dunlap Calls Attention to Department Rules Relative to Mail Receptacles.

The postal department of the government has been conducting a special campaign to provide mail receptacles with the end in view of increasing the efficiency of the free delivery service. In fact, the rules and regulations provide that a person who receives mail must have such a receptacle and without such an arrangement the department is really relieved from the obligation of mail delivery.

In this connection Postmaster Ralph I. Dunlap has called attention to the following communication on the subject, issued by the first assistant postmaster general. The notice is intended to be sent to patrons who have not made proper provision for the receipt of their mail:

Your attention is invited to the matter of providing a mail receptacle at your house where our carriers may deposit ordinary mail without the necessity of delay.

The entire free-delivery system is founded upon the theory of reasonable regulation on the part of the Postmaster General and reasonable cooperation on the part of the patrons.

On an average, about 90 percent of the patrons in the country have provided their dwellings with mail receptacles. With this situation confronting it and considering the many disadvantages of not having such a mail receptacle, the Department has finally ruled that after March 1, 1923 (unless exceptions are made by the postmaster because of inability to purchase receptacles or parts for door slots), the mail receptacle will be necessary in order to secure the service, and the carriers will not thereafter leave mail unless such mail receptacles are provided. This does not mean that the patron is barred from the privilege of the mail, but merely that he will be obliged to go to the post office to receive it.

It is very desirable, both from the standpoint of the post office and from your own point of view, that you should provide some simple and reasonable mail receptacle either in or near your front door or at some very accessible place. This does not mean that you may not meet your carrier at the door if you desire and that you may not greet him as cordially as ever. Carriers over the country have a reputation of being exceedingly courteous and obliging and they are very popular as a rule.

But the good carrier does not desire to wait at a door five minutes to determine whether the people are at home or not, or whether they are disposed to answer the bell. The housewife or person in charge is often critically busy and cannot answer immediately. She is often annoyed by being obliged to leave something which is engaging her active attention. There is every reason why the carrier should not wait and why the patron should not be compelled to immediately respond.

All this may be obtained by a slot in the door or a simple receptacle. This will obviate the necessity of returning mail in many instances to the post office, with a second and third attempt at delivery. Those patrons who live on the farther end of a route will receive their mail a few minutes earlier if the carrier is not compelled to wait at the houses.

The Department is disposed to give carriers every consideration it can. The time saved is eliminating these waits at the doors may help to give them other considerations. It will certainly help the efficiency of the office, and considering the fact that there are in the country about 50,000 such carriers, it may result in a just and equitable saving to the service.

If a dwelling is set back over 100 feet from the street, the receptacle should be placed at the gate. It should be on the front door or beside the front door or in some place reasonably near the front of the house. If the steps to the front of the house are more than ten steps high, it should be located at the bottom. In short there should be a reasonable application of the idea of sympathetic cooperation with the carrier.

Clifford Jenkins and Herbert Masters of Auburn were visiting friends in Jacksonville over the week end.

Mr. and Mrs. E. H. Coultas were Monday callers in the city from the Markham neighborhood.

Bert Courier of Alexander was in the city yesterday transacting business with local merchants.

## SOLOIST REHEARSES WITH LARGE CHORUS

Everything Ready for Concert Program This Evening—Miss Patton Has Successful Tryout With Chorus Monday Night.

Miss Fern Patton, who is to appear at the High school auditorium this evening as soloist in the concert of the Elks' Male Chorus, rehearsed with the chorus last night. Every number was worked out in detail and all is in readiness for the program this evening.

The rehearsal last night began at the Elks' club and was later transferred to the auditorium. Special lighting effects, costumes, stage settings, and many other details have been carefully worked out in preparation for the concert.

### PRaises Mrs. Jess

Mrs. Grace Wood Jess continues to receive favorable press comment because of her special musical work with folk songs. The Literary Woman's Home Companion recently made this comment on the work of Mrs. Jess:

"Grace Wood Jess has proved that New York training and a metropolitan debut are not essential to success. She scored her first hit on the Pacific coast wearing a gown which had been a part of the wardrobe owned by Mrs. Abraham Lincoln. She sings folk songs of the slavery period. To these she has added the melodies of Kentucky and Tennessee, mountain folk, prefacing each song briefly with the story of its origin."

Mrs. F. E. Farrell of West College Avenue has returned home after a several weeks' visit with her sister, Mrs. L. J. Oatman in St. Louis.

**A wholesome spread that looks right and tastes fine on hot toast and hot breads**

The flavor of Jelke GOOD LUCK, when spread on hot toast, is that of a very excellent and very delicious spread. Neither the taste nor the appearance is changed by the heat, except as it melts and combines with the toast in the usual and appetizing way.

Or, griddle cakes GOOD LUCK is equally satisfactory. While for plain bread GOOD LUCK is the finest spread possible. It tastes like you want it to; looks the way it should; and has plenty of food value.

In short, GOOD LUCK has every best feature of an ideal spread for bread. To serve it on your table is to take advantage of a thoroughly wholesome staple food product. The price is very moderate, quality considered.

## BIG CROWD AT PEP MEETING LAST NIGHT

Secretary Jenks of Springfield and Rev. Pontius Are Principal Speakers—Music and Reading Prove Enjoyable.

A pep meeting of considerable proportions and abounding in enthusiasm was held Monday evening at the Chamber of Commerce. The rooms were crowded with members and guests of the organization, about two hundred and fifty being present. The president, R. V. Rowe, was chairman of the meeting and introduced the speakers and entertainers on the program.

The Short Family gave several quartet selections, which were greatly enjoyed and loudly endorsed. Miss Frances Brown of the Illinois Woman's College read a selection entitled, "When the Fleets Go By."

The first speaker on the program was Charles H. Jenks, secretary of the Springfield Chamber of Commerce, who devoted himself to a searching discussion of the world situation as it relates to the business conditions and probable results. He first outlined the discouraging conditions which exist at the present time on the continent of Europe. France is bankrupt, watching with anxiety the fluctuations of the franc and wondering if, like the mark, it will become valueless. France has gone to the Ruhr for one thing—money.

Germany is a nation without credit and without honorable business standing among nations. She has deliberately demoralized her monetary system to avoid payment of her debts. Russia is a derelict nation. Her people have in no way bettered themselves by throwing off the monarchy, but are in a worse slavery than before. In their attempt to get rid of militarism, they have fastened upon the country a huge standing army, which is cared for while the rest of the population starves.

However, there is yet an encouraging ray of light and a bright one. England has agreed to pay her debt to the United States, and great respect is due the English people for standing by their obligations in the face of the conditions on the continent. The stand which England has taken may have a moral reaction upon Germany, and may serve to give stability to the falling morale of the rest of Europe.

**Discusses Local Conditions**  
The speaker then left the international tangle and discussed affairs in the United States. He spoke of the wide tendency to invest money in bonds and other non-taxable securities and pull it away from business. This in time will have evil results, as it places the burden of taxation more and more on the small business man and upon industry and real estate. The amount of intangible wealth is steadily increasing, and recently cities, states and corporations have taken to issuing bonds to provide things they need now and cashing in on the future. Some cities in Ohio are so heavily bonded that ninety per cent of the yearly revenue is required to pay interest, and bonds are issued every year to meet current expenses of the municipal government.

The speaker referred to Jacksonville as a live town, and stated that either outsiders have the same opinion. However, he declared that it is not the opinion of the outsiders that makes the town, but the work of its citizens. A Chamber of Commerce is of no importance, except as all its members are at work and do not occupy the position of onlookers at a circus, while the officials do the work.

**The Destructive Critic**  
The second speaker was Rev. M. L. Pontius, who paid his respects to the destructive critic. He declared such an individual an enemy to the community and said that he could find things to his liking. The speaker gave high praise to the city administration of the past four years, for which carping criticism is out of the question. It is true that Jacksonville still has some problems to solve, but the quality of service and the results gained in the present administration are beyond criticism.

Rev. Pontius gave an interesting discussion of the evolution of a city, showing how a wealth originated when a cave man stored part of the flesh he had killed and sold it to his companion who had not saved the remains of his kill. The saved flesh represented wealth; the flesh sold to the other man was capital, and the man who sold it was the one who represented labor. The constant developing of wealth, labor and capital through their various stages and combinations has finally resulted in enabling men to live in centers of population known as cities.

**WILL WORK ON HARD ROAD**  
Carl Foreman of Denver, Colo., has taken a position in the service of the Illinois Highway department. He has been visiting friends here for some time. Mr. Foreman will work under Mr. Elder who is superintendent of construction on the strip of road between Winchester and Pittsfield. He was formerly an engineer of a construction company in Denver.

## MRS. MARY BECK DIED SUNDAY NIGHT

Wife of Well Known Lutheran Minister Passed Away—Funeral Services Will Be Held Wednesday.

Mrs. Mary Beck passed away Sunday night at her home, 333 East Superior avenue. She had been in poor health for some time. The deceased was the wife of Rev. Edward Beck for many years pastor of Salem Lutheran church. She was born in Fahrendorf, Germany, March 24, 1851. The family came to America in 1866 and in 1870 she was married to the Rev. Mr. Beck in St. Louis. The couple has lived in Jacksonville steadily since their arrival here in 1877. They celebrated their "Golden anniversary" two years ago.

All during the 27 years of her husband's active pastorate here she helped him in his work and is credited with having helped organize the Ladies' Aid of Salem Lutheran church.

She is survived by her husband and three children: Mrs. Otto Muehlhausen of this city; Miss Clara Beck and Edward C. Beck of Springfield. Two brothers and two sisters are also living.

The funeral will be held Wednesday afternoon at the home, 333 East Superior avenue, of the Rev. J. G. Kuppel, pastor of Salem Lutheran church, who will have charge of the services. Interment will be in Diamond Grove cemetery. Friends are requested to omit flowers.

## McMANUS IS BOUND OVER TO GRAND JURY

Youth Charged With Serious Crime to Face Probable Indictment at May Term of Court.

David McManus, 19, was given a preliminary hearing Monday afternoon on a statutory charge. The trial was held in the court of Squire A. B. Opperman, and resulted in a finding of probable cause of guilt. McManus was bound over to await action of the grand jury at the May term of the circuit court, the amount of bail being fixed at \$1,000. The defendant gave bond for his appearance, and was released.

States Attorney Carl E. Robinson was in charge of the prosecution, with Attorneys Hugh Green and J. Marshall Miller as counsel for the defense. A serious crime is charged against McManus, and testimony in the case implicated several other local youths, though no formal charges have been made.

## BASKETBALL TONIGHT NEW BERLIN vs. DOKAYS

**SPANISH WAR VETS**

**INSTALL NEW OFFICERS**

The Jacksonville Post of Spanish American War Veterans installed their new officers at a meeting in the American Legion hall Sunday afternoon. C. A. Evers, installing officer, of Springfield, and a number of veterans and ladies from that city were present.

The following officers were installed: O. C. Smith, Post Commander. R. R. Westrope, Vice Commander. W. O. Westrope, Adjutant. J. B. Seng, Quarter Master. Following are the trustees: John Ray, E. C. Vickery and J. W. Olroyd.

**NEEDLE PENETRATES**

**GIRL'S BACK**

Glady's Servance of North Main street, a pupil at the First Ward school, was injured yesterday when a needle lodged in her back. The needle was concealed in her dress and when she leaned against the back of her seat at school the needle entered the girl's back just below the shoulders. She was taken to a surgeon's office where an anaesthetic was given and the needle removed. Miss Servance was taken to her home and will probably be confined there for several days.

**JACKSONVILLE PEOPLE**

**PASS CIVIL SERVICE EXAMS**

Several local people have successfully passed various examinations for positions in the State Civil Service.

In the eligible list are: Assistant physicians—Charles Cox Chapin, Boyd C. Rembe and Elmer A. Gunderson, all of Jacksonville.

Housekeeper—Pearl E. Dawson and Agnes Doyle, Jacksonville.

Supervising nurse—Ida Catherine Strupp, Jacksonville.

Senior Department stenographer—Ruth Irene Goveia, Jacksonville.

**CLOSING OUT SALE**

On Sanders farm, 1/2 mi. north Concord, Feb. 27, 9:30 a. m., general farm sale.

**J. E. Sanders**

**Eugene Yeck, Owners.**

## BOY SCOUT PROGRAM IS GIVEN BY TROOP SIX

Lads Entertained Parents at Dinner—Program Gave Clear Idea of Purposes of Scout Work.

Boy Scouts of Troop No. 6 gave a program and entertained their parents at a dinner at the Pilgrim Memorial of the Congregational church Monday night. Rev. G. E. Stickney is the Scout Master and Henry Alexander the assistant Scout Master. Dinner was served at 6:30 o'clock. The boys received some assistance in the preparation of the menu but did the serving themselves.

Before the serving began there was an impressive ceremonial in which the 12 principles of Scouting were told. Each principle was told by a different Scout, who lighted a candle before beginning the narrative.

After the final course Mr. Alexander presided as toast master. Mrs. Harriet Lander spoke briefly on behalf of the mothers, telling "What Scouting Means to Boys From a Mother's Standpoint." Mrs. Lander said that she had been interested in the Scout movement for years and from observation could testify to its benefit in character building. She emphasized the thought that Scouts do the things that boys like and that the outdoor life and sports are both appealing and beneficial.

Harry Capps, Jr., talked on the subject, "Why I Am a Scout." With well chosen words this member of the troop listed some of the benefits that have come to the boys thru membership and told how the Scouts are enthusiastic in the programs which they carry out from week to week and month to month.

James Martin, apothecary of the charter members of the troop, gave an interesting history, telling how the organization had grown and touching briefly upon some of its activities.

"What Scouting Has Done for My Boy" was the subject assigned J. W. Walton. In the absence of Dr. R. V. Brokaw, who was ill, Rev. Mr. Stickney gave some interesting facts about the history of the Scout movement. Mr. Stickney told how an American who came in touch with the Scout movement in England found what it was doing for boys there and inaugurated the system here in the U. S. Then the speaker gave some insight as to how the work is conducted and gave some facts to show the underlying purposes of the Scout work plans.

Under the direction of Mr. Alexander the boys staged a clever bit of pantomime and afterward the assistant scout master led them thru drills and led in games, all purposing to give the parents a better understanding of Scout work. The whole program was one that the parents enjoyed and they were unanimous in expressing appreciation of the leadership of both Mr. Stickney and Mr. Alexander.

The membership of Troop 6 includes the following boys: Bruce Milligan, Will Milligan, James Mer ill, Carlton Hook, Bob Conover, Roy Conkle, Paul Busey, Harry Capps, Will Capps, James Capps, Roy Capps, Harold Reubin, Will Wilson, Troy Quinn, M. V. Thompson, Hugh Osborne, James Marshall, Bill Walton, David Lander, Will Vickery, Will Marshall, Louis McLaughlin, Will Walnwright, Mercer Hopper, Harry Griswold, Lawrence Crawford.

**DELIGHTFUL SOCIAL**

**AFFAIR AT ASHLAND**

Mrs. George Carder and Mrs. Roy Hinds entertained at bridge recently at the home of Mrs. Carder in Ashland. Nine tables of bridge were made up and a very pleasant afternoon was spent. Prizes were won by Mrs. Tom Savage and Mrs. Al Way. Elvira, refreshments were served during the afternoon by the hostesses. The decorations and the refreshments were such as to accord with the Washington's Birthday season.

The guest list included Mrs. Al Way, Mrs. Cynthia Glenn, Mrs. Daisy Butler, Mrs. Katie Butler, Mrs. Mae Collins, Mrs. Dan Clark, Mrs. Clinton Corrington, Mrs. Edwin Beggs, Mrs. Enid Erve, Mrs. Joshua Hubbs, Mrs. Wilson, Mrs. Harry Strubling, Mrs. Glenn Strubling, Miss Marie Haged, Mrs. Williamson, Mrs. John Graff, Mrs. Stella Edwards, Mrs. Tom Savage, Mrs. Carson, Mrs. Ida Crum, Mrs. William Sinclair, Mrs. McLaughlin, Mrs. James Wyatt. The out of town guests were Mrs. Dan Moore of Springfield and Mrs. Charles Bennett of Jacksonville.

**COMING SOON**

"The Bat," the biggest dramatic success in years whose extraordinary success, both in New York and Chicago has resulted in new records, not only for the length of the run but for the gross receipts at the box office, will be the attraction at the Grand Theater on March 6.

This is good news for local theatergoers. Certainly no play in the past twenty years has aroused the interest or scored the astonishing success, that has been the portion of "The Bat."

This thrilling mystery story, dramatic in the extreme and filled with quite as many laughs as it is thrills, was written by Mary Roberts Rinehart and Avery Hopwood, both noted for their success as playwrights. It is presented under the management of Wagenhals and Kemper, producers with reputations long established for success.

## FORMER RESIDENT OF FRANKLIN IS DEAD

George Rawlings Passed Away Monday at Home in Arkansas City, Kans.—Remains to Be Brought to County For Burial.

Franklin, Feb. 26—Relatives here received a message Monday afternoon telling of the death of George Rawlings at the family home in Arkansas City, Kans. Death came at 3:30 o'clock Monday afternoon following a brief illness and was due to an attack of pneumonia.

The deceased, who was about forty-five years of age at the time of his death, was born and reared in the Franklin neighborhood, a son of William E. and Eliza Rawlings. It was six years ago that he removed to Kansas and has since made his home there.

Mr. Rawlings was preceded in death by his father, his sister, Mrs. Minnie Spires, and a brother Albert Rawlings. He is survived by his widow and two children. Mrs. Rawlings before her marriage was Miss Elva Howser of Palmyra, Ill. He also leaves his aged mother and one sister, Mrs. Thomas Oxley of Franklin.

The remains are to be brought to Morgan county for burial and are expected to arrive some time Wednesday evening. Announcement as to the time of the funeral will be made later.

**FORMER I. C. MAN**

**VISITS FRIENDS HERE**

Ira J. Underwood, Illinois college '11, now of Tulsa, Okla., stopped in the city to see old friends yesterday. He is city attorney of Tulsa and has just been to Washington to argue a case in which the city is interested before the Supreme Court of the United States. Mr. Underwood left for home late yesterday afternoon.

**SINGER FOR ELKS HERE**

Miss Fern Patton, of Chicago, registered at the Dunlap Hotel yesterday. She is to appear as soloist with the Elks' chorus recital at the High school tonight.

Miss Catherine Alexander of West State street is the guest of Miss Dorothy Strigling at her home in Ashland this week.

**FIREMEN AND CITY COUNCIL INVITED TO RIALTO**

## PROGRAM GIVEN FOR K. P. ANNIVERSARY

Porter Lodge of White Hall Observed Date of Founding of Order—Its Election of Mayor Roodhouse Asked.

White Hall, Feb. 26—The 59th anniversary of the Knights of Pythias was observed Sunday night by Porter lodge in a service in Princess theater that was largely attended. The sermon was by Rev. L. E. Ellison, pastor of the First Baptist church, and the singing was by members of the lodge, there being a chorus of male voices under the direction of T. J. Grant, with Mrs. Laura Pritchett as accompanist. V. I. Winters led the anthem, "Seek Ye the Lord," with a tenor solo. The program opened with the singing of America by the congregation.

Word from Walton hospital is that there is no alarm over the condition of Nelson Phillips, who was taken there last week for treatment for a heavy cold that bordered on pneumonia. Mr. Phillips is 81 years of age, and the availability of the hospital service has been the means of restoring his health.

**Demand Mayors Re-Election**  
Municipal politics has settled down to a demand that H. W. Roodhouse be a candidate for reelection as mayor, and Mr. Roodhouse is not the kind of man to be heedless of such over-whelming sentiment, altho he does not desire another term if it comes to making a strenuous campaign as has been the case in the past. Mr. Roodhouse has begun matters that require his continued service at the head of the city government. He has taken a hand

in the industrial revival of city at a time when it could be taken as a move to secure political favor, and there is now more talk of new industry than there appears to be room which to locate them.

Mr. Roodhouse is a man in man in close touch with Seth Griswold on park and of Griswold benefactions that matters of leading importance and the present mayor is a lining up action on a filtering item that will be handled if he retained as mayor in the event bonds for the proposition are cried at the ensuing city election.

**SPECIAL DANCE**

For Elks and friends immediately after Elks' Concert, Tuesday night.

**A SURPRISE PARTY**

A surprise party was given the home of Miss Edith Yan Friday evening. The evening was spent in playing rook and delicious refreshments were served by the hostess.

A beautiful piece of ivory was presented to her in honor of birthday.

Those present were Gladys Bailey, Mae Kendall, Jessie Parsons, Ella Brumback, Ella Bailey, Elsie Spears, Ruby Watts, L. Grogan, Nell Scholl, Grace Ball, Gertrude Green, Mary Farm, Bessie Robinson, Eunice Cull, Eula Daniel, Lorene Bailey, Pe Drake, Edna Lewis, Blane Camp, Elizabeth Spears, and R. Braker.

Miss Velma Bain who is teaching in Franklin this year spent the week end in the city visit with Miss Hildreth Ashwood.

## MRS. HICKEY SO WEAK COULD HARDLY STAND

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

Worcester, Mass. — "I had some trouble caused by a female weakness and got so run-down and weak from it that I could hardly stand or walk across the floor. The doctor gave me all kinds of pills, but nothing helped me. I happened to meet a friend who had taken Lydia E. Pinkham's Vegetable Compound, so I thought I would try it. After taking it a week I began to improve, and now I feel fine and am doing all of my housework, including washing, sewing and house cleaning. I have recommended your medicine to my friends, and I am willing for you to use this letter as a testimonial, as I would like to help any one suffering the way I did from such a weakness." — Mrs. Lydia Hickey, 4 S. Ludlow St., Worcester, Mass.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Mass. This book contains valuable information.

## Patronize a Reliable Electrical Contractor

A large part of the work done by the electrical contractor cannot be seen. Most of it, behind walls and between floors, must be left to the contractor's honesty and integrity.

The quality of the materials and work done therefore, mark the contractor as either good or bad.

We have built up an enviable reputation by the electrical work that we have done for residents of this town who demand the best at a reasonable price.

## NEW INDUSTRY TO BE LOCATED HERE

Manufacturers of Portable Hog Houses Will Locate Factory Here.

At the meeting of the Commercial Division of the Chamber of Commerce held Monday morning, it was announced that a new industry is to be located in Jacksonville within the near future. The manufacture of a portable hog house and fence is to be conducted in Jacksonville and Mr. Parks, head of the company, now located in Astoria, addressed the business men at this meeting.

The company of which Mr. Parks is the head has built up a good business in the manufacture of portable hog houses which are meeting with favor on the market. The manufacturing plant is now located in Astoria but the owners desire to locate in a larger city where better shipping facilities are available. The company is to occupy a section of the Jacksonville Cigar Box Factory on North Main street.

Mr. Parks made a proposition to the Jacksonville business men whereby portable hog houses would be offered to boys in Jacksonville and vicinity, as a part of a trade extension campaign. Business men in Kankakee county have taken up such a plan and are offering hog houses to local boys during a trade campaign. The matter met with favor among the local business men, but no definite action was taken. Plans for this proposition will be continued at the next meeting of the commercial division to be held next Monday morning at 9 o'clock.

## Grace Church Doings

The Sunday school is all set for the contest which will begin next Sunday with the Bloomington school. Plans are under way to rally the school to the supreme task of getting out the enrollment. Some very interesting developments are expected as the contest proceeds, for the Bloomington school is determined to redeem itself if possible. The attendance in Sunday school was 313 and the offering amounted to \$13.55.

At 10:45 the pastor used as a theme "Christ Among the Toilers of Jacksonville."

At 6:30 the Senior and Intermediate leagues met at the same hour. A Junior league was organized under the direction of Mrs. Scott and Miss Paschall.

At the evening service in the presence of a crowded house, Dr. Berry gave his illustrated lecture on the Passion Play. The pictures were fine and the lecture interesting.

Junior Scouts will meet Tuesday afternoon at 4 o'clock. The Pastor's Aid will sew all day on Wednesday, holding a business session at 3 o'clock.

At 6:15 on Wednesday evening the weekly church supper will be served by the young women of Miss Hastenstab's class. A set of mission slides will be thrown upon the screen following the supper. The regular weekly prayer service at 7:30. The attendance is growing at these services. You will be welcome.

All the members of the church and school are urged to bear in mind the importance of Sunday school attendance and the necessity of being on time.

Get your Incubator now. Early chicks bring the highest prices. Klondike and Old Reliable Incubators give best results.

**BRADY BROS.**

## BROOKLYN BREVITIES

The attendance at Sunday school last Sunday was up to the usual standard, despite the prevalence of sickness among the members. As a special number, Miss Una Chappell read James Whitcomb Riley's "Old Glory." Next Sunday, the "Go-to-Church Campaign" begins. All who attend church once each Sunday for ten Sundays out of the next thirteen will be given an outing by the school at the end of that time.

The pastor took for his text at the morning hour, Acts 11:26, "The disciples were called Christians first at Antioch." He defined a Christian as one who has a creed, an experience and a life. At the evening hour, a fine set of slides was shown to an appreciative audience on "The Life and Times of Washington." The subject of the study next Wednesday night will be "The History of Methodism" and "The Text Book of Evangelism."

Next Sunday night the nurses and attendants of Passavant hospital will be the guests of the church at the regular hour for evening worship.

## LOCAL PEOPLE ENTHUSED ABOUT FLORIDA

Recently Rev. Mr. Lyons of Lowell, Mass., who is serving temporarily as pastor of the Congregational church at Lake Helen, Fla., preached a sermon with "Florida's Greatest Asset" as his theme. Mr. and Mrs. Taylor, Mrs. Julia Holmes and the Misses Holmer, Mrs. T. J. Pliner and Miss Maria Fairbank are among the Jacksonville people who are winter residents at Lake Helen and they very greatly enjoyed Mr. Lyons' sermon.

Mr. Taylor in a recent letter to the Journal said "This climate the people, the scenes are all too big for words. The very clouds, and moon and stars seem nearer and clearer than anywhere else. We Jacksonville people find that Mr. Lyons has very clearly expressed our sentiments."

Paragraphs from Mr. Lyons' statement are given:

The Tampa Times in a recent issue declared that "the greatest asset of Florida is its climate." There are strong arguments for such a claim. Few, if any of us, would be here if zero weather prevailed in Florida. There are no coal miners here, no gold or silver mines, so there would be nothing to attract men here like the Klondike region in Alaska. According to this claim, it is the charming atmosphere of eternal summer that attracts and holds people here. Someone has said that a man is different after he has seen the ocean. A man must be different, I believe after he has once experienced the joy of this climate—a land of perpetual sunshine, of song-birds and perfumed air. A man must be for every different if he has once been baptized in the glory of Florida sunset, and has felt close about him the restful peace, the mysterious beauty of a Florida evening. The night is a benediction, usually a great calm and one can imagine that the great Peacemaker comes walking under these arched avenues of moss—tapestried trees and hear again his words to the world, "Peace be unto you."

My own impression of Florida is like the awe of a little child as he first gazes upon the foam-created waves and the boundless expanse of the ocean; like the soul of a poet inspired by a great theme; like the joy of a bird set free in a wonderful woodland after long captivity; like the wonder of the blind man as he gazes for the first time on the shining face of the Miracle-worker of Nazareth!

But there are other resources in this remarkable state more valuable than climate. This is "the peninsular state," extending through five degrees of latitude, 460 miles long and 499 miles wide at the north. It has a coast line on the Atlantic of 472 miles and on the Gulf of 674 miles. Here on this peninsula are 19,000,000 acres of tillable ground, only 3,000,000 which are actually under cultivation. What possibilities are here! Florida has room enough to give a home and a half acre of land to 40,000,000 people. I have read that land in California sells for \$1,250,000 per acre. Good land can be bought in Florida for \$50 and \$60 per acre. The undeveloped farm land of Florida is surely one of its great assets. The state now has 54,000 farms valued at \$330,000,000. There might just as well be 254,000 farms. If the same rate of development continues for the next 20 years as has taken place the past 10 years the farms of Florida will be valued at a billion dollars.

There is something more important here than its wealth, greater than its farms or the 10,000,000 acres of tillable land undeveloped.

It is that little plot between your ears. The schools and college of the state which develop the mind are a greater resource than fords and farming implements which develop the soil. No soil holds such marvelous possibilities as that little plot of gray matter which we call the mind. Let us hasten to make a place in the list of Florida's assets for its schools.

But what about the products of Florida? It is the home of the Florida orange, the best orange in the world!

The orange is a recent product, for it is not mentioned in the Bible. It must be less than 2,000 years old.

It first saw the light of day in the impenetrable forests of tropical India, in the valley of the Ganges, under the shadow of the Himalaya mountains. There was a long time ago, as compared with the age of man, but not long as compared with the age of the grape, olive, fig and pomegranate. In the year 400 A. D. the orange reached Europe. Later it was taken to Central China, then to Java.

In time it reached Spain, and in the 16th century the Spaniards brought it to the West Indies, and then to Florida. The first trees were brought to St. Augustine in

the year 1565, by Pedro Menéndez de Avilés.

No I have not mentioned the flowers of exquisite beauty and charm, the great variety of form and size and color. The roses, hibiscus, magnolia, poinsettia and a hundred other varieties. If Paradise was a garden of flowers, then it must have had a climate like that in Florida.

However, Florida is producing something more valuable than oranges and strawberries or cabbages and lettuce. If it were not producing manhood and womanhood, Florida would still be roamed over by wild tribes and its rich resources would still be unknown and untouched.

What about the young men and young women of Florida? Here is an opportunity to cultivate the "fruits of the spirit"—love, joy, peace, goodness, meekness and self-control.

Many a man's life is like a deserted palace, where laughter has ceased, the fires out and all is deserted. It is sad to see a neglected farm, but a neglected soul is far more pathetic. Mr. Burbank has not made such wonderful changes and improvements in fruits and grains as are possible for the human soul. Two captains of industry were standing one day, at the bridge at Niagara, looking at the great falls with its tremendous resource of power. One man turned to the other and said: "Behold the greatest source of undeveloped power in America." "No," replied the other. "The greatest source of undeveloped power in America is the soul of man." And he was right.

The climate, the schools, the products of the soil, the trees and flowers and wealth of Florida are all valuable assets, but they are only means to the end of developing Florida's greatest resource, the manhood and womanhood of the state.

Therefore, Florida's greatest asset is the human soul, developed, spiritually cultured and brought into harmony with the will of God.

### FAMILY DINNER AT DRURY HOME

Mr. and Mrs. Charles Drury Entertain Relatives at Dinner Sunday at their home near Alexander.

Alexander, Feb. 26—Mr. and Mrs. Charles Drury entertained at a family dinner party Sunday at their home near Alexander. The guests were twelve members of the Drury family and a splendid dinner was served at 2 o'clock. Following the serving of the dinner came several hours spent in a very pleasant social way.

J. W. Sullivan of New Berlin was a business visitor in Alexander Monday.

Roy Ewen of Beardstown spent Sunday with his parents in Alexander.

William Cockin of Jacksonville was a Monday visitor here.

Mike Wiegand Jr. and Miss Theresa Ludwig were supper guests Sunday evening at the home of John Dorwart and family near Franklin.

Miss Sarah Cockin of Alexander is visiting at the home of her brother, Thomas Cockin in Jacksonville.

John Cockin, who has spent a number of weeks at Palm Beach, Fla., has returned to his home here.

### WE NEED A REVIVAL. REV. LANGTON SAYS

To the Editor:

I have been assigned the duty of writing an article on the need of a religious revival at this time. I earnestly affirm that we do perhaps never in our history so much as now. Why? It is the purpose of this article to show I suppose that most of us who value the Christian revelation are troubled by the many symptoms of moral and religious decay which are evident in American life at the present time. There is a wide-spread indifference to the Christian faith. When a reasonable faith loses its hold over the hearts and minds of men unreasonable beliefs spring up and flourish. So of late a whole crop of worthless, irrational beliefs has shown deplorable vitality. Needless to say the faith of the New Testament is free from the extravagant fancies of these modern cults. Most of them teach or profess sentiment, superstition and veneered sensuality. Our action, at the present day, reveals this tendency. A considerable number of novels now published would not have been tolerated a generation ago. Some are vile with the violence of restoration literature. Many plays, spectacles and films are sensual in their appeal and degrading in their effects. In typically modern art, also the old standards of decency have at times been set aside. Inevitably this change for the worse shows itself in conduct. Unchaste living and impure speech have become more common; the tale told by the increasing number of divorces is confirmed by all who have knowledge of the under currents of our social life. Sensuality is but one symptom of moral decline. When it provokes, thrift, generosity and religion all alike set aside. It is the man who restrains his appetites in obedience to moral and religious convictions who lives a life of service and helpfulness. The selfish pleasure seeker is usually both discontented and envious. So hatred is bred in his soul and the bonds of society are loosened. Unfortunately, there is no doubt that these sombre reflections are justified by many disagreeable obvious features of contemporary social life. Christians know that we shall not see a moral reformation until we have a religious revival. It is necessary that the cleansing power of the Holy Spirit should come among us, so that men are led to pray.

"Create in me a clean heart, O God and renew a right spirit within me."

Only by "Conversion," by a turning to Christ for pardon and peace, can men and women get the inspiration that will create a healthier social order.

We shall have "a revival." Those who will witness it will sing "Mine eyes have seen the glory of the coming of the Lord."

But to those who, in Christ's words have eyes to see, that glory is with us now. Let us use it.

Yours faithfully,  
J. F. Langton,  
Trinity Rectory, City.

## Boils Quit Quick!

S.S.S. Will Prove to You in Your Own Case the "How" and "Why" of its Remarkable Blood-Cleansing Power!

There is a reason for everything that happens. Common-sense kills misery. Common-sense also stops boils! S.S.S. is the common-sense remedy for boils.

Pimples May Be Small Boils! Because they are built on reason. Scientific authorities admit as much. S.S.S. builds blood-power, it builds red blood cells. That is what makes fighting blood. Fighting blood destroys impurities. It fights boils. It always wins! It fights pimples! It fights skin eruptions! It builds nerve-power, thinking power, the tight-discipline power that whips a man up into success. It gives women the health, the angelic complexion and the charm that moves the world. These are the reasons that have made S.S.S. today the great blood-cleanser, body-builder, success builder, and it's why results have made tens of joy flow from the souls of thousands! Mr. V. D. Schiff, 557 15th St., Washington, D. C., writes:

"I tried for years to get relief from a bad case of boils. Everything failed until I took S.S.S. I am now absolutely cured, and it was S.S.S. that did it."

Try it yourself. S.S.S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

**S.S.S. makes you feel like yourself again**

### WOODSON CLUB TO MEET WEDNESDAY

Household Science Club to Have Regular Meeting Wednesday at Powell Home—Other Woodson News.

Woodson, Feb. 26—The Woodson Household Science club will hold a regular meeting Wednesday afternoon at the home of Mrs. A. E. Powell. There will be a talk by Rev. Mr. Powell on "Health, Education and Control of Children." Mrs. Susan Irlam will be in charge of the book review. A social hour will follow the program.

Mrs. George McKean and Mrs. Francis McKean, who have been ill for the past two weeks, are reported to be somewhat improved.

Mr. and Mrs. T. M. Whitlock of Manchester spent Sunday with Mr. and Mrs. J. P. Henry. Other Sunday guests at the Henry home were Mrs. Nettie Ezzard, Mrs. Emma Taylor and Mrs. Maggie Kinner.

Mr. and Mrs. William Cooper have moved to Woodson from the country and are occupying the J. J. McAllister property in the north part of town.

### MURRAYVILLE SCHOOL TO GIVE BOX SOCIAL

The pupils of the Murrayville high school will give a box social tonight at the school building. There will be an interesting program of readings, sketches, instrumental and chorus numbers, and a number of special numbers will be furnished by Wright's Pop orchestra. A small admission fee will be charged to all except the young women who bring boxes to be sold. Those in charge of the affair are hoping for a large attendance.

You are sure of a good hatch with Klondike or Old Reliable incubators. BRADY BROS.

### HIGH SCHOOL NOTES

The next meeting of the high school Forum society will be held Wednesday, Feb. 28th. The main feature of the program will be a debate on the subject, "Resolved that the United States should strengthen her navy." The affirmative side of the question will be upheld by Lavina Scott, and Hoyt Rawlings. The negative side will be taken by Edward Hill and Keith Scholfield. A special reading will be the last number on the program.

The weekly picture show at the high school last night was well attended and was a most interesting one. The picture was "Treasure Island," a very excellent film version of Robert Louis Stevenson's thrilling tale of adventure.

## Has your mealtime drink said "Pay up!"

A GOOD many people have had that message from coffee or tea after the drug, caffeine, has had its effect upon nerves or digestion.

Frequently the message comes at night, when nerves won't quiet down and sleep won't come, after the dinner cup of coffee.

There's no unfriendly after-notice from that good cereal beverage, Postum.

Postum delights the taste, gives comfort and satisfaction, and is

free from any possibility of harm to health.

Try Postum with your meals for a few days and let the whole family, the children included, share in its appetizing, invigorating goodness. It will bring better nights and brighter mornings.

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer to make the drink while the meal is being prepared; made by boiling fully twenty minutes.

## HIGHER MONEY RATES CAUSE SELLING ORDERS

NEW YORK, Feb. 26.—Higher money rates brought a large day's stock market, which closed irregularly lower. Further study of the local federal reserve re-discount rate encouraged operations on the short side of the market and these were effective in a number of the industrial shares which had been bid up sharply in the past three weeks of rising prices.

Bidding up of the steel shares to cover elsewhere was again resorted to. Considerable significance was attached to the fact that such conservative trade news as higher for Crude Rubber, zinc and copper virtually were disregarded, these shares making little or no headway in the face of the realizing movement in other quarters. Steel shares have been lagging behind the rest of the industrial list so that a forward movement in them was not unexpected. United States Steel common was heavily traded in, duplicating its previous high of 103 1/2, but falling back a point at the close, where it was up only 1/2 on the day. Republic Steel closed 2 points higher at 53 1/2. Baldwin and American Can yielded readily to selling pressure, the former getting as low as 13 1/2, and the latter as low as 9 1/2, but both made partial recovery. Food, chemical, public utility and oil shares also were conspicuously heavy.

Louisville and Nashville reached a new peak at 155 and then broke to 148 1/2, closing at 149 for a net loss of nearly six points. Some of the other dividend paying rails also enjoyed a brief period of strength. Call money, opened at 5 1/2 per cent, the highest annual rate this year, but eased off to 5 and then to 4 1/2. Time money was firmer, brokers bidding five and bankers demanding 5 1/2 per cent for all maturities. The commercial paper rate also stiffened little new paper coming in.

The foreign exchanges were irregular but the fluctuations were within a narrow range. United States government bonds registered losses of 2 to 5 cents on \$100.

## LARGER SUPPLIES WEAKENS WHEAT PRICE

CHICAGO, Feb. 26.—Assertions of larger supplies had considerable effect today in weakening the price of wheat, although the market showed some rallying power at the last. Closed quotations were unsettled, 1 to 1 1/2c lower, with May \$1.17 1/2 to \$1.17 1/2 and July \$1.13 1/2 to \$1.13 1/2.

Corn finished half to 3/4c off, oats unchanged to 1/4c higher, and provisions down 1/2 to 1c. Liberal selling of the part of houses with eastern connections gave the wheat market a downward swing at the outset, and proved effective in emphasizing a current bearish operation, so that demand was proving insufficient compared with the amount of wheat in sight, and with Canada, Argentina, Australia and India competing for the world's markets.

In addition primary receipts today were shown to be in excess both of the total a week ago and at the comparing last year, beneficial movement in the winter crop belt, and the fact that no severe cold weather was looked for, tended also to depress values.

Buying when enlarged on the decline in the wheat market appeared to come chiefly from shorts, and in particular when the May delivery reached \$1.17 or under. A decrease of 450,000 bushels in the United States visible supply helped a little to rally the market in the later dealings, there were estimates, too, that 500,000 bushels, also mostly by Canadian wheat had been purchased today for Europe.

Increasing receipts weakened the corn market. Oats developed firmness owing to a betterment of shipping demand. Provisions were easier with grain, despite steadiness of hog values.

**Save from  
\$52 to \$78  
a year**

You will be amazed to see how the use of "Bull" Durham will cut down the cost of your smoking.

How is it possible to give you quality at the low cost of 10 cents for 50 cigarettes?

Here's one reason: The government tax alone on 50 machine-made cigarettes is 15 cents—5 CENTS MORE THAN THE COST OF 50 "BULL" DURHAM CIGARETTES TO YOU!

The average smoker saves \$1 to \$1.50 a week by "rolling his own" from "Bull"—or from \$52 to \$78 a year. This makes quite a Christmas fund—or pays for a fine trip.

**GENUINE**

**"BULL"**  
**DURHAM**  
**TOBACCO**

What a place "Bull" Durham holds in the hearts of Americans! Can you think of any other brand that has been the favorite of three generations?

Look at its history. From the Civil War to the Great War "Bull" Durham has been the American's greatest standby. Sixty years.

There really is no smoke in the world so altogether satisfactory.

A "Bull" smoker never switches. You can't interest him in any new experiments. He carries his preference wherever he goes.

This is because the special flavor and aroma of "Bull" Durham make a cigarette that can not be duplicated.

Find out. You will never know how good a cigarette can really be until you roll your own out of "Bull".
